Circle K...

(Continued from Page 1)

ing as the "attainment of a significant milestone in the career of Circle K International which, though only 10 years old, has already become the largest campus service organization in North America."

The charter was presented by Dr. Homer L. Johnson, Pittsburgh, Immediate Past Governor of the Kansas Kiwanis District.

Jim Voights of Washburn University, President of the 500th club, received the charter on behalf of his fellow members and his college.

Principal speaker at the charter night ceremony was Dr. Harold E. Sponberg, President of Washburn University. In acknowledging the new club's presence on the campus, Dr. Sponberg said, "Circle K fulfills not only a definite need on the college campus, but in its dedication to the Kiwanis principles of service enhances the realization of citizenship responsibilities and improves the moral climate of the entire community."

Although the Washburn club is number 500 on Circle K's rolls, there are now 520 such clubs throughout the United States and Canada, with about 11,000 members. A petition for club number 520 was publicly accepted at the 500th club's charter night ceremony when students from St. Benedicts College, Atchison, Kansas, and their sponsors made their presence at the affair known, and tendered completed credentials.

The Circle K is a rapidly growing organization. With new projects in line for Behrend Campus, our Circle K still needs more members. We are mainly interested in freshmen to fill next year's offices. If you are interested, contact President Manning for an application.

of the tub and shower.

A certain someone runs outside in her nightie. Just to let the cat out, of course.

The rooms had to be specially cleaned on a Wednesday one week because a very nice inspector from the University of Virginia came. We didn't mind this room inspection at all and hope he will be back sometime in May. Let's hope he doesn't have any more trouble with his car.

There is great excitement when every once in a while there is a call from White Plains, N.Y. Wonder why we can't listen to the conversation??

Someone will be getting rose petals over a long period of time. I've heard of collecting stamps and coins but???

resumed Bob Gilmore pounded Mr. Cherry into the floor and took the ball away from him. Hubbie Dale ruled that Myron was "moving" and gave Gilmore two free throws. There was a roar from Howell who was quickly benched by Patterson who claimed the whole game so far had been going to a pre-arranged strategy.

The outstanding event of the entire game occurred when someone "accidentally" hit Cherry in the back and one of his contact lenses popped out. Five minutes was allotted for the discovery of this "allegedly lost" lens which was promptly found by the near-blind Cherry just before the time

was up. Glassner shouted that the whole thing was a put-up job to enable the faculty to regain their breath.

In the fourth quarter the clock was stopped when Jim Ott turned it off. The reason for this action has never been clearly understood but the rumor is that he was bribed. The going price at Behrend for fixing games is thirty subway tokens and a slug.

Needless to say the faculty gave up the ghost, even with the extra time. The coach ordered everyone into the gym Monday morning for push-ups. Ethics do not permit this reporter to give the final score.

"COKE" IS A REGISTERED TRADE-MARK. COPYRIGHT 1958 THE COCA-COLA COMPANY.

Dear Diary...

As I take my pen in hand, I take my bottle of Coke in the other hand! Yes, dear diary, where would I be without Coca-Cola? Just a social outcast. Why, *everybody* drinks Coke! John and Bill and Barry and Charley. Horace too. Confidentially, I think I'll have another bottle of Coke.

BE REALLY REFRESHED
