

MONITOR COURSE* - Cont'd.

To qualify, applicants should have a current or future assignment as a monitor instructor or radiological defense officer. The prospective student should also have some training or equivalent experience in general or physical sciences and training or teaching experience.

Donald J. King, a specialist in Civil Defense Training from Penn State's Institute of Public Safety, will teach the course.

Thirty-eight people have enrolled in this course, including Professor Balmer. All those with physical science backgrounds who complete the course will be licensed by the Atomic Energy Commission. Good Luck, Prof!

ENROLLMENT STATISTICS

A constantly growing Behrend Campus has a record enrollment of 463 full-time students this year; an increase of about 60 students over last year. A breakdown of this year's enrollment into colleges is as follows:

College of Agriculture	17
College of Arts & Architecture	3
College of Business Administration	38
College of Education	39
College of Engineering	88
College of Physical Education	4
College of Home Economics	7
College of Liberal Arts	51
College of Mineral Industries	6
College of Science	39
Division of Counseling	6
Drafting & Design Technology	85
Electrical & Electronics Technology	51
Two-Year Business	21
Manufacturing Technology	5
Adjunct students	3
Total ---	463

PARKING (LOTS)

All of you are aware that the peace and tranquility of Behrend Campus is being violated, but it's all in the interest of an expanding student body. A new parking lot with room for 175 cars is to be built and, at the present time, the Pennsylvania Department of Highways is building a road which will be an extension of the circle

in front of Erie Hall and will extend to the end of the parking lot. The Highway Department has had the responsibility of building all Pennsylvania State University roads from state funds since 1950, and at that time built the road extending from Station Road to the Administration Building.

The news of a new parking lot is a great relief to commuters who often find themselves with five minutes to get to class and no parking spot in sight. The reason for the commuter's plight is obvious--there are 240 parking spaces available on the Campus for a possible 400 cars. Also there are 600 night school students who attend for whom parking places are needed. A walk will be built from the parking area to the Science Building with the date of completion for the walk and parking area set for November 26, 1965. Both the lot and the walk will be crushed rock until early next summer due to the fact that the asphalt plants are closing down.

BITS OF BEHREND

Hi gang! 007 here ready to help you make this year the greatest...Believe it or not, this column's gonna tell you what's going on at Behrend, like... Seems like shaving cream has caused a sensation in the Dorm...Question:Should you wear knee socks on dates? ...Looks like there's a shortage of salt and pepper, except on the tables...Vandals attack water cooler...Will they ever get the coffee machine repaired?.... Biology teachers pick lovely days for field trips; that is, if you're a duck.Congrats to new SGA members--nice show...Have you ever had a headache? Just ask Diz...Looks like Circle K and SGA have merged...Do boys' dorms ALWAYS call girls' dorms at 3 a.m.?....2 girls + 5 boys on 1 date yields--confusion... The trip down state seemed to be a great success. Congrats, SGA!! ...Do you all have your tickets for homecoming? It's tomorrow, you know....Wonder how the Behrend Pine is existing without the Frosh acts of undying devotion... If you're wondering what to do next weekend--come to the Foreign Film Series...Student the Cafeteria help: "Take back my butter, dish!" ...See ya next week.....THEEND 007
