

EDITORIAL

One of the advantages of a small campus is supposedly good student-faculty relations.

Good student-faculty relations can manifest themselves in a number of ways. One of these ways is for a faculty member to give of his time and effort to lecture on some topic of interest at some time other than regular classroom hours.

Mr. Bedford did this when he talked about the Liberty Amendment last Monday. It is due to the efforts of professors like Mr. Bedford who do more for students than perfunctorily give seventy-five minute lectures that student-faculty relations improve. The NITTANY CUB would like to thank Mr. Bedford for his effort.
