AROUND TOWN

A new coffee house has been started for mainly college students - its name is the Inn Secure. It is really quite a cool place, if you like that kind of thing. The Greenwich Village style is the theme of the surroundings and performers from around the area contribute their talents.

The Inn Secure is temporarily located in the basement of St. Paul Episcopal Church next to Gannon College. Plans are in the making for a permanent location where the program will be more extensive. Right now it is only open on Friday nights from 8-12 P.M.

The Gypsy Rover as we all know is an established coffee house located at 18 East 11th St. The Rover always has a floor show (comedians and folk singers) and a hootenanny for everyone to join in on Sunday nights.
