ATHLETIC BOOSTER'S CLUB

Last week the Student Government Association approved a constitution for a new organization on campus, to be known as the Behrend Campus Athletic Booster's Club. Over forty students signed the petition requesting the adoption of the constitution. The organization must now be approved by the Student Affairs Committee, which is chaired by Mr. Patterson. It is hoped that the organization can gain approval in time to organize and elect officers before the coming basketball season gets underway.

Membership dues are \$1.00.
