

### PENN STATE BASKETBALL SHORTS

Four players --- Jesse Arnelle, Carver Clinton, Mark DuMars and Bob Weiss -- scored more than 1000 points in their Penn State basketball careers.

Penn State basketball teams have played five times in NCAA post-season tournaments and once in the National Invitation Tournament.

Holmes Cathrall, Penn State's freshmen basketball coach, also is the Nittany Lions' head tennis coach.

Penn State has had five different basketball coaches, beginning with B.M. (Dutch) Hermann in 1916 and continuing through Hugo Bezdek, Earl Leslie, John Lawther, Elmer Gross and John Egli. There was no formal coach from 1897 through 1915.

Jesse Arnelle holds all but two of the 11 individual scoring records in the Penn State basketball record books. Arnelle played from 1952 until 1955.

Earliest opponent in Penn State basketball history is Bucknell, which played the Nittany Lions twice in State's two-game 1897 schedule. In 1898 the Lions played three games, Cornell once and Bucknell twice.

### PLAYHOUSE RECRUITING SEAMSTRESSES

Now that work has begun in earnest on the forthcoming production of Gypsy, the Playhouse is actively recruiting seamstresses to work on sewing the many lavish costumes. Designer Edward Graczyk II has recreated all the magic and splendor that was the entertainment industry of the early thirties.

While costumes are clearly the most splendid and colorful that

have ever graced a stage in Erie, Graczyk pointed out that there was work of all degrees of complexity associated with their construction. Consequently even beginners would be welcome if they are interested in working on costumes. Because of the extraordinarily large number of costumes to be built, GYPSY affords an excellent opportunity for anyone wishing to develop skills in costuming.

Anyone wishing to work on costumes for GYPSY is urged to call the Playhouse between 1:00 and 5:00 p.m. The Playhouse phone number is 899-7222.

### COLLEGE TUITIONS SURVEYED

Students at three out of four state colleges and universities are paying higher tuition, fees, room, and/or board charges this year than they were last year.

This is revealed by a survey of student charges at the 97 member institutions of the National Association of State Universities and Land-Grant Colleges and at the 206 members of the Association of State Colleges and Universities. All but 19 of the first group and all but 59 of the 206 members in the second group raised at least one charge this fall.

In sharp relief against this year's panorama of increases are a few examples of reduced charges. The largest of these is a \$300 decrease in out-of-state tuition at Penn State's main campus. Last year, out of state tuition was raised, but it has now been returned to its former level.

Most of the reductions reported by the schools in this survey were minor, or were offset by rises in other costs.
