to the traffic signal at 89 and 430, continue straight ahead for about four miles. A sign will direct you to a dirt road on your right. Follow this road to the end--Peek 'n Peak.

If transportation is your problem, meet in front of Erie Hall between 9:15 and 9:30A.M. that morning. Members of Circle K will get you there. Some eighty-four students here signed up already; hope you're one of them, because the event promises to be the liveliest and most exciting one yet to hit Behrend.

Also coming up in the near future on Circle K's agenda is Winter Carnival Weekend, February 10-12. It'll be a weekend of ice-skating, tobogganing, skiing, snowball rolling, and just plain fun for all. The highlight of the jovial affair will be the crowning of the Winter Carnival Queen at the dance, which is semi-formal. More information later as the snowball gets bigger; meanwhile, look forward to the fun festival of winter sports!

P.S. Coming soon, The Faculty vs. Circle K Club, as soon as our distinguished profs get into shape! Beware, Mr. Hostetler! Will they ever be?
