

## STUDENT GOVERNMENT NEWS BRIEFS

The S.G.A. has informen the Nittany Cub that applications for open positions on the S.G.A. will be made available on Monday October 2 in the Student Affairs Office or from one of the four current S.G.A. members: Ron Batchelor, Bill Benko, John Jackson or Gary Baren. Due to a constitutional entanglement the new members will be elected by the Student Affairs Committee following receipt of their application and a personal interview. Any student who is interested in serving on the S.G.A. should pick up an application on Monday. Go-gang-Go, this is your chance to be an able-bodied representative: THE S.G.A. WANTS YOU.

### "PARKING PROBLEM"

It seems that this year the parking situation on the Behrend Campus is woefully inadequate. There is simply not enough room for every commuting student to park his car in a designated place.

This year new bumper tag-permits were issued to the students. By this time every body should have bought a sticker, and strict enforcement of the rule should begin. There are many cars on campus which do not have permits, and one rule is that you must have a permit to park on this campus. If you do not want to purchase a permit, do not park your car on campus - do not take the place of a person who has paid for a permit. To be absolutely fair, strict enforcement of this regulation an of all parking rules should begin. . . NOW!

### BEHREND PERSONALITY

To be a member of the Behrend Players, the Behrend Readers, and the Keystone Society, as well as being president of the S.G.A., takes much time and effort. But Ron Batchelor does belong to these organizations, handles his administrative duties "like a pro," and still maintains better than a "B" average.

What does Ron think about co-curricular activities and their place in a student's life?

"All students should participate in at least one activity. In fact each student should regard his activity as seriously as any subject: for the activity enables the student to learn much about getting along with others and working together as a group. I think that it is important for the student not to over emphasize this sport or club to the extent that he neglects his studies, but it is just as important to get a good balance."

"Batch" also takes his job as SGA President quite seriously. He is planning to initiate several events under the auspices of the SGA, but here he notes the function of SGA members in reference to their responsibility to the student body: "The representatives have a duty to the students to co-ordinate their social life, but it is up to the other organizations to initiate these social events."

Ron finds in his spare time, opportunities to study the urban renewal of cities, and likes to read, and to collect records. The native Philadelphian is a special education and psychology co-major and also is a fan of a Supreme group which may be Happening here in the near future. Ron will try not to Keep You Hangin' On! about this subject.

DEAR ANNIE

Dear Annie,

I have a terrible handicap, and I'm afraid I won't get and dates because of it. My problem is that my knees always knock together--how can I correct this?

Nancy Knock

Dear Nancy,

Try shin-guards, they work wonders.

Dear Annie,

During Customs Week I had to carry a bowling ball around campus. My fingers are so sore that I can't even take notes in class. Can I sue the Sophomores if I flunk out because of this?

Tex

Dear Tex,

Don't bet the ranch on it.

Dear Annie,

There is an article in the handbook that states that the upperclassmen cannot do anything to degrade freshman, and that they are supposed to be fair and kind to them. I feel that the jury at Kangaroo Court has broken this rule!

Freddy Fair

Dear Freddy,

Shutup and put your pants on backwards.

Was Customs Week all that bad????
