

## STUDENT FACULTY "SESSIONS" PURPOSED

The comment "I did not get on thing out of that class today" or ones similar to this are heard frequently on the Behrend Campus. The students and faculty generally do not communicate will with each other, and considering the comparatively small enrolment of the campus this should not be so. Students feel that the faculty are some sort of "super profs" to whom they are incapable of speaking, in and outside of class. Students could offer some profs and profs could offer some students constructive criticism to improve the rapport of the class and thereby allowing the student and instructor to gain more from the valuable time spent in class.

It is the suggestion of the Nittany Cub, the students and faculty, hold sessions each week common hours for the purpose of discussing and offering honest constructive criticism on how to improve the general classroom attitudes, and why these attitudes exist in the particular class.

It should be so planned that each instructor conducts a least one session, and that any student who wishes to offer advice can do so without feeling apprehensive.

Hopefully this suggestion will be given some serious thought by both the SGA, the repreentatives of the students and the faculty.

## UNCHARTERED CLUB TO HELP IN FURTHER DEVELOPMENT OF CAMPUS

On campus this term there has been complaints of dis-organisation, lack of participation, and a dis-interested student body. These complaints are not very novel; because they have existed in the past, and will exist in the future. What is novel, however, is that something is being done about them. Last Tuesday night, a group of Behrend students met to discuss the problems of the campus and to suggest ways to solve them. The result of the meeting was the formation of the I.C.S. (Interested Commuting Students). The purpose of this organization (club) is to promote organization throughout campus and between clubs. They plan to use their efforts to promote campus projects and to encourage student participation.

Mike Kosares was elected chairman, Sherry Mayer, recording sec. (?). Founding members of this group include: Jim Mawhinney, Chris Roess, Gary Newport, Ron Batchelor, Bob Hamilton, John Jackson, Jamie Nevel, Bill Benko, Jim Bebko and Ed Messmer. Meetings will be held on Monday nights at 7:30 p.m. and membership is open to all "interested" students.

## LETTERS TO THE EDITOR

To the Editor:

As a student who feels close to this campus and interested in its functions I'm concerned about the SGA. But I don't feel that the paper or the majority of students appreciate the work of the Student Government members. You must remember that these are students also with the same academic problems. They can't get very enthusiastic about working above themes and

test study and text reading when all they get for theirs efforts is constant, and sometimes unjustified criticism. Perhaps patting the man on the back would push them in the right directions.

A Guy on Campus  
P.S. By the way, aren't SGA and Student Affairs meetings open to all students?

## THE RUB IS NEARING COMPLETION

Yes, ICSers the J. Elmer Reed Union Building is nearing completion. The constructionworkers are all working feverously under pressure from the contractor who wants the building done so he won't have to pay the continuously mounting expenses of heat, lighting and maintenance. Everybody at Behrend keeps asking the big question, "When will it be done?" To give an honest answer to this question one must first consider some of the variables.

The first variable being the construction. This was supposed to be completed November 1; so construction should be done almost any day. The next variable is inspections by University Park and by the Federal Government. These inspections could take days or weeks depending on the findings of the inspectors.

Considering these few variables the building could be ready for occupation anytime from December 1, 1967 to May 1, 1968.

## ALL-U-DAY HAS ARRIVED (FINALLY)

Tickets for the somewhat gala All University Day are, as of yesterday at the Behrend Campus.

The SGA wishes to offer their apologies to the student body for not having the tickets to the FOUR TOPS CONCERT, and for placing the other "package deal" tickets (football game, jammy and banquet) on sale so late, but somewhere between the Behrend Campus and University Park - the "wires were crossed..". There is a bus sign-up list in the O.B. building, and the football game, jammy and banquet should outweigh the cons against a one day bus trip. Let's show University Park that Behrend students "would rather fight than switch."
