COMMONWEALTH CAMPUS TOURNAMENTS

Are you disappointed that Behrend does not have a swimming team? Or a tennis team? Well, here is the start of such teams along with volleyball.

Much effort has been put forth by Coach Sweeting and various phys. ed. instructors throughout the Commonwealth to have an inter-campus competition. This year during the Winter and Spring terms there will be competition in basketball, swimming, volleyball, tennis and golf. In the past there has been competition in volleyball but the other sports are new this year. If these are successful there will be more sports added in the future such as wrestling, track and field, and more.

A four team basketball tournament is planned for March 1 and 2. Out of twelve teams Behrends' basketball team has a good chance of going. The final decision will come from the performance of the Cubs against The Altoona Campus on February 10, 1968.

April 13th will be the date of swimming and volleyball competition at University Park. The volleyball team will be chosen at the end of the intramural volleyball season. Interested swimmers should contact either Coach Sweeting or Coach Onorato now and start working out on their own.

May 10th and 11th are the dates of tennis and golf competition. If you are interested in the tennis team contact one of the coaches for further information. The school's regular golf team will represent Behrend. Those interested in golf should contact Mr. Monahan, the golf coach. By the way Behrend's golf team were state champs last year.

Much time and money has been put forth by the phys. ed. departments on the commonwealth campuses and University Park. Students should be interested enough to make this program a success in order to have any similar competition in the future. All competition takes place at University Park. (ad)
