

**IN Memoriam**

**Potpourri**

Behrend had its first snow and it seems that Behrend is closer to the city administration-wise than we thought. We nearly broke our necks on the tractionless ice here as well as when crossing State Street.

S.G.A. has given its members a list of the students each represents. How the *Beep* the students find out who their representative is, is beyond me.

What's going to be done about S.G.A. members who constantly skip their office hours, miss meetings, leave meetings early to eat lunch and also leave them early to talk to friends on the phone?

Our S.G.A. isn't alone in dilemmas: exchange mail shows other campuses in much worse shape; one campus reports the resignation of the president of its Student Government Association.

The "rock and roll" of today and tomorrow is becoming more and more influenced by religious-type arranging, vocalizing, and soloing, and also classical styles. These forces are finally separating the musicians from the horde. I say "Hallelujah."

Notice I: Due to inclement weather, I was unable to fulfill my quota. However, I shall make amends.

ATTENTION ALL CUB STAFF MEMBERS:

This is to inform you that your editor is the nefarious hacker and has plotted your doom unless you too are willing to work 80 hrs. a week for nothing. Now is the time to ascertain yourselves and overthrow this monster.

Until such time as the Cub has been restored to the typical apathetic student, we must fight all attempts at thought on Behrend Campus.

Sloth, mediocrity and apathy forever, an unconcerned observer

P.S. Any journalists interested in attending a coup planning committee meeting should be behind the barn located at the intersection of I-90 and Station Rd. on the night of the next full moon. Be sure to bring your fangs, brooms and capes.

Mayor Tullio of Erie is "disappointed" in the local police force for not accepting the \$400 raise offered them. After all, he accepted his \$6500 increase without a single protestation.

"Little girls have pretty curls. But I'm still true to George." I.M. Faggot '66

If the EMTA comes through with more convenient bus scheduling, make sure you take advantage of it. This is a reciprocal service, and if it isn't supported after all the squawk needed to get it, "apathy" will be used again, and I'm sick of this word.

Johnny Hart and Charles M. Schulz have to be the two most perceptive beings alive. If you haven't read the "BC" and "Charlie Brown" series of books by these men respectively, then you are missing some great philosophical messages as well as the fantastic socio-satirical humor present in both.

Dear Editor,

I am a member of the intramural league that bowls at Eastway Lanes on Tuesday nights at 9:00. For the last three weeks the girls on my team have been forced to switch to different alleys near the end of the match to get done faster so they will not be late for curfew at the dorm. This upsets me to see part of my team on one set of alleys and me on another. They also have said that this practice bothered them.

I am asking why can't they be allowed an extra fifteen minutes on one night a week so that they can bowl with the members of their team in a fashion that normal leagues do. I don't think that 15 minutes is too much to ask especially when Behrend seems to be so lacking in something to bring the kids together. Also there is usually pres-

ent the women's gym teacher [Miss ?] on most of the nights we bowl. She bowls in the league. Couldn't some sort of late slip be designed to be signed by her in case any on the dorm girls would be late by a few minutes. If she could or would not sign the late passes, at least someone with a reputable enough character who bowls in the league could possibly sign the pass, or even the manager of the bowling lanes.

There would be no real damage done by allowing 15 extra minutes to the dorm girls and they would still be where they were supposed to be. It is not a case of wanting to stay out longer, rather a case of completing a bowling match without the threat of a weekend of staying in the dorm as punishment for conditions the girls cannot control themselves.

Ellen Clark
