Do you know who, or what the Student Affairs Committee is? If not perhaps this article can be of some value to you.

The Student Affairs Committee deals with policy matters concerning student welfare, student activities, student morale, and student discipline.

When operating as an organization control function, the committee deals with the granting, or the rejection of charters to campus organizations.

Without such a charter no group can legally exist on campus.

Another area of responsibility for the S.A.C. is the field of student aid. This aid is provided to qualified, worthy students upon request, if the S.A.C. deems the individual truly deserving. The committee does not deal with all scholarships on campus.

The third area of operation is student discipline. The affairs committee is not a court. It acts as a hearing from which a recommendation is made to the campus director.

Members of the committee are: Mr. Zakrzewski, Mr. Hover, and Mr. Tucker, all appointed by the campus director. Arnie

VEGAS '69

Behrend will feature Las Vegas Night, April 12, in the Quiet Lounge of the Reed Union Building. For the nominal fee of one dollar, vast sums of money will be sold at the door and its spenders will have the opportunity to gamble it at the various games of chance going on inside Behrend's temporary den of iniquity.

One of the main attractions at the affair will be a burlesque show performed by one of the more talented and shapely sections of the student body. Skits, raids, and fights will also provide those in attendance with raucous entertainment, and door prizes will be awarded at a number of intervals during the night. Semi-formal attire is required in order to help set a mood similar to that found in a real gambling casino.

Win or lose, the evening promises to be an exciting one, so be there and be prepared for any thing!

All the area colleges are invited to attend this gigantic event. It is not for couples only.
