Grill Nights Eliminated.....!

Behrend society, running true to form, has cleverly succeeded in terminating, after an extensive six weeks run, the cafeteria policy of opening the grill two nights a week.

Considered initially essential to the well-being of all concerned, this practice has evidently lost most of its novelty (that novelty being the ability to buy FOOD after sundown) and, consequently, its importance. Hereafter you are again doomed to a life of machine-kicking efforts to quiet the ominous rumblings below. All is not lost However! Our fearless leader (known in some circles as The Big F) has announced that next year the grill will again be attempted in the hopes that an approximate increase of 200 students will find enough customers to justify it. Some added attractions will be a new soft ice-cream machine (for all of you soft ice-cream lovers!) which will also be made available during the day, and an increase in the number of evenings one will be able to spend money. With these marvelous improvements in mind, all you Behrend-lover who will be here next year, let's get out there and SPEND YOUR MONEY!

Students ^{AID} NATO

On Saturday, March 29, eight students from Behrend Campus acted as chaperones to a bus load of children from the NATO organization on Buffalo Road.

The purpose of Nato is to provide recreation for children who don't have anything to do. (to keep them out of trouble) Saturday morning the children with the chaperones went to the Erie Zoo. Later that night they took a trip to the Westlake Roller Skating Rink. The trip turned out to be enjoyable to all as the children taught some of the chaperones how to skate. The chaperones were Dom Lambert, Ted Sachs, Roy Kirkley, Bonnie Proctor, Cathy Caine, Pam Remely, Bob McCarvill and Judy Torrey.

Anyone who has the time and the patience to be a chaperone on the next expedition, contact Bonnie Proctor.
