

# NEW POLICY

To those who wish to call this following explanation/proclamation a rationalization we apologize for the inability to convince you of its sincerity. To those who accept it as it stands we offer thanks.

There are many words used in today's conversations that cause people to be taken aback. In this newspaper some of them are found. Sincerely, they have not been included for sensationalism, nor have they been used in defiance of "the establishment" or the administration. The sole reason that these words appear is for the sake of good journalism.

Most persons are not aware that there exists the A,B,C's of journalism. They are Accuracy, Brevity, and Clarity. Of the three, only brevity is flexible. There are occasions when it is necessary to sacrifice brevity and include details that are not essential to an article, but will

lead to a different interpretation of it by the reader. This is rare. However, accuracy can never be sacrificed for any reason. This is not only to remain idealistic, but is very necessary from legal standpoints which needn't be listed. Clarity, of course, is self-evident.

I do not claim that the CUB has followed these A,B,C's effectively thusfar, But I do commit my staff to the task of following the rules of good journalism from this issue forth.

This is, then, a statement of policy change which will replace all previous statements. A formal statement of policy, as well as a formal letter policy will be published in the first issue of the Nittany CUB of the fall 1969 term of classes. *R.S.K.*

## BEHREND'S GREAT INNOVATION

If observance can be counted among one's better qualities, it may have been noticed, on one of these past lovely morns, that a truly amazing feat of modern engineering has been hard at work on Behrend Campus—our drainage system. Those of you who may be shrewd enough to avoid venturing forth in wet weather may know this marvel by another name...sidewalks. It took a clever mind to originate the idea of combining the two to work as one. Remember, next time as you are wading [or swimming as the case may be] to class, the original thinking that has evidently been growing along with our campus. It may just be sufficient compensation.

## DESTROY

Well kiddies, the season of fun is upon us! The Time of the year is again here when every young heart turns to that all-time favorite pastime...vandalism. Have you done your part? Well, let's get with it! Get out there and rip down a sign, litter a hall, or knock over a chair. Release your inner tensions...use your imagination! Stop and contemplate for a moment all the countless wonderful ways to wreak havoc upon our fair campus. Ignore those waste baskets! Put your time to better use; perhaps discovering a new and unusual arrangement for the quiet lounge. Have you noticed, how many strange and precarious places one can balance a blackboard? How can the library miss just one more book or record?

It's all merely a matter of using the time, energy and intelligence one is assumed to possess when accepted into College. Who are we to let good old PSU down? Get out there and destroy!!!

### FINALS SCHEDULE MONDAY, JUNE 9

PERIOD	COURSE	SECTION	ROOM	INSTRUCTOR
8:00-9:50 a.m.	Com. 862	---	121B	COLLANDER
	EE. 814	---	117-118B	BEDFORD
	EE. 53	---	117-118B	BEDFORD
	Chem. 11	all	Reed Aud.	BALMER
	Chem. 13	all	Reed Aud.	CHISOLM
10:00-12:00	E. Mch. 811	---	123-124B	GRODE
	Ger. 2	---	121B	HAJEWSKI
