

The Spring Formal, entitled "Fantasy Of The Sea", was held Saturday, May 24, 1969, from 9:00 P.M. to 12:00 P.M. The decor transformed Erie Hall into a deep sea paradise through which the couples floated on waves of music furnished by Chuck Dressler and his orchestra. The marine queen of the evening was Miss Marty Hayes. Her court included three lovely attending mermaids: Miss Kim Kimberlin, Miss Becky Ruhl, and Miss Kathy Zuber.

The "Fantasy" was followed by the Prom-to-dawn, which was appropriately held at the Beachcomber Hotel, where Behendites and their dates grooved to the sound of the Spectre of Tyme from 1:00 to 6:00 A.M. and ate heartily when the delicious buffet was served.

STEIN (cont. from p. 4)

No. He's a State Policeman, who, since November has been working up here undercover posing as a student in the LAC dept. Probably with their knowledge, we don't know, but definitely with the University's knowledge, to finger students who are subversive and use drugs. His cover's been blown now and he'll have to go somewhere else. Thursday after the demonstration in which there were several pitched battles with the JOCKS and these people I mentioned were urging them on. I was pulled off the flagpole where I was speaking by Bill Stansfield and several other people. Fortunately they fought like girls and we all have scratches and teeth marks, and they have black eyes and a few of them won't be having sex for a while....but they stopped us, they pulled me back. They told me to calm down, and I told them to get fucked. I told Dr. Murphy to get fucked yesterday and I told Dr. Lewis to get fucked yesterday. And after the demonstration, Thursday, Paul was arrested....Col. Pelton walked out here and asked if I knew a kid. And then he said now I can find him, and he walked over to the kid and said, "They have a warrant for your arrest up there, do you want to go up and see the lieutenant of the State Police?" Paul said, "No, if he wants me he can come down and get me.?" So we started to walk away with Paul and a local policeman and this undercover agent walked up, put their hands on Paul's shoulder and said, "stay here." And Dean Rhod

es came down, Asst., he's on the Dean of Students' Staff, and they said, "Dean Rhodes, is this the boy?" And he said, "Yes." And they said, "You're under arrest", slapped the handcuffs on him behind his back, and dragged him away.

.....We blocked the car until they just about ran over us, and we pounded the shit out of it for a while. Then we went down to the police station and we collected one-hundred dollars bail, because there were five warrants out. Paul's bail was first two-hundred dollars, but we convinced them to lower it to fifty dollars, because we don't have the two-hundred dollars. The interesting thing for people to look in Saturday's New York Times, on page 23 there's a picture of the balck brothers at Frensboro who were busted for shooting at the National Guardsmen. And they're leading them into the police station, with their HANDS ABOVE THEIR HEADS AND NOT ONE OF THEM'S HANDCUFFED. Yet Paul was being taken down for malicious mischief, specifically for breaking the lock, a University lock, was handcuffed and dragged away. So we've issued five demands to the administration, and we got a response--if you get a hold of today's COLLEGIAN [May 25] you can get the response. And you can probably get the demands better than I can give them. they must immediately remove all undercover agents from the University Campus. They must immediately drop charges for all students for whom warrants are out; they must immediately begin a process for informing a student before any police come on campus and arrest him that he will be arrested and what the charges will be so he can get legal fee and bail; and that they must take legal action against Mr. Elias, Mr. Pelton, Mr. Barnes, and Mr. Scott who were urging people to fight. Their positions are described in the COLLEGIAN. And we intend to press these demands. Today we're out here, roasting a pig, it's sort of like what the people want it to be. This has been declared Peoples Park East. It can be the fact that the only good pig is a dead pig. Plus solidarity with the brothers out at Berkley, and it's also a program we're going to work now with the BSU. We're going to take University property, I said take because they won't give it to us we asked yesterday. Land on the outskirts that's vacant. We're going to actually build a park and there is a large black community in Mountain Union, and a

large white community in Snowshoe, who are poverty stricken. While at State College, which is only a couple miles away, their fat stomachs get fatter. It is the most affluent community in Appalachia. And since the University won't fulfill the role, we're going to do it for them, so the blacks and the white radicals of SDS are going to get together and build this park. We're going to start a program and work on it during the summer and later on we're going to try to have these things every weekend, drive the kids up and their parents will be bringing them up. We want to really organize this, and this is what we intend to do--with or without the administration. We also intend to have these demands granted. They can argue about our other demands, and they can say that they don't have the money--don't have the time. But they better find the time, and it takes no money to grant what we've demanded now. And they're going to do it or I really can't be responsible for what the students might do up here.

ALMOST EVERYTHING WE READ IN TIME NEWSWEEK, EVERYTHING, THEY ALWAYS SAY "SDS AND COMMUNISM" ALL TOGETHER--WHAT DO YOU HAVE TO SAY? YOU MUST BE TIRED OF THIS...

Not really, this was the weekly thing on campus, they always call us one name or another. LET ME ASK YOU THIS, ARE YOU A MEMBER?

I am not a member of the Communist Party, I happen to believe in some of the Marxist doctrine, and a lot of us do but this is not a relevant issue. We're students for social change, and changes that have to be made, and we go strictly by one clause in the Declaration of Independence which says that people will suffer sufferings only to a certain point, and then when the tyranny becomes so extensive as to become the oppressor they will overthrow this government and overthrow this tyranny by any means necessary. We support that cause in the Declaration of Independence....that's how we feel. These things have to be stopped by any means necessary.

DID YOU GO TO THE CASSIUS CLAY, MUHAMMAD ALI TALK LAST NIGHT ???

Yes. WHAT DO YOU THINK OF THE IDEA OF SEPARATISM LIKE HE SUGGESTED?

I believe very strongly in separatism, but I don't think Mr. Ali reflects what I understand to be the position of the people in the black community I know. Separatism is absolutely necessary. Separatism is a black term and
