## Attention Faculty

To: All students  
 From: Superintendent (Dean)  
 Subject: Standard procedure instruction on death of a student  
 by BILL ALSPAUGH

It has recently been brought to our attention that many students have been dying (while) studying for apparently no good reason—furthermore said students are refusing to fall over even after they are dead.

This practice must stop at once! On and after November 1, 1969 any student found sitting up after he or she has died will be dropped at the end of the term without any investigation . . . under Regulation 29, section 8.

The following procedure will be strictly adhered to:

If, after seven hours it is noticed that a student has not moved or changed position, the instructor will investigate.

Because of the highly sensitive nature of our students and the close resemblance between death and their natural studying attitude, the investigation should move quietly so as not to wake the student—if he or she should be asleep.

If some doubt exists as to the true condition, extending the list of answers to the student is the final test. If the student does not reach for it, it may be reasonably assumed that death has occurred.

Note: In some cases the instinct is so strongly developed that a spasmodic clutching reflex may occur. Don't let this fool you.

In all cases a signed statement by the dead person must be filled in on a special form provided for this purpose. Fifteen copies will be required. Three for the Main Campus—two to the deceased. The others will be promptly lost in our file department.

The RUB Is Not A Waste Basket,  
 A Waste Basket Is A Waste Basket

## LITTLE MAN ON CAMPUS

"I'VE NEVER KNOWN A COACH WHO COULD GET MORE  
 EXCITED DURING A FOOTBALL GAME."

Peace Corps Joins With  
College Degree Program

The officials of the Peace Corps and the State University of New York College at Brockport announced completion of arrangements for continuing and extending the unique Peace Corps/College Degree Program to admit a fourth group of candidates in June, 1970. The members of the first contingent completing the fifteen-month program which combines the upper division undergraduate education with Peace Corps preparation are now serving on bi-national educational development teams in the Dominican Republic; the second group is now serving in similar assignments in Peru and Honduras; the third group is now in the academic year phase of this joint project and is slated for overseas assignment in Latin American in August, 1970.

The candidates will be selected from the ranks of students in good standing at an accredited college who are completing their sophomore or junior year by June, 1970. Those selected will be able to earn an A.B. or B.S. degree and be eligible for a Peace Corps assignment in one academic year flanked by two summers of fully subsidized and integrated academic courses and Peace Corps training. They are expected to major in mathematics or the sciences; those who have completed their junior year prior to entrance into the program have the opportunity for a double-major.

At the end of the second summer armed with the degree, a teaching license, in-depth cross cultural preparation and fluency in Spanish the graduates as Peace Corps volunteers will be cut off on

their Latin American assignment. As member of the staffs of teacher training institutions and/or consultants to secondary teachers of mathematics or science, they are important participants in the educational development efforts of their host countries. During their two year sojourn they have the opportunity to earn up to twelve semester hours graduate credit.

Peace Corps and college officials pointed out the several features which make this joint program unique including: academic credit for Peace Corps training, two fully subsidized summer sessions totaling thirty semester credit hours, in-depth Peace Corps training synchronized with the liberal arts and specialized professional preparation, individualized programming, opportunity for double majors and supervised oversets graduate work.

"This integrated program is based on our two fold conviction that (1) to combine the college and Peace Corps experiences is to make both more relevant and meaningful and the personal product more valuable (2) to provide much-needed skilled specialists—mathematics and science teachers—as Peace Corps Volunteers in Latin America is to make a significant contribution to all concerned," said President Albert Warren Brown, of the State University College at Brockport in announcing the extension of this unique partnership.

## EDITORIAL POLICY

The editorials appearing in this newspaper will be opinionated and therefore subject to criticism. All letters that are typewritten and submitted to the newspaper staff will be printed with the exception of those that are repetitious or in poor taste. The staff reserves the right to correct or delete portions of the letters for publication purposes.

All letters must be signed, but names will be withheld upon request.

Signed columns represent the view of the author only and do not reflect the Editorial policy of the Nittany CUB.

INTERVISITATION  
AT ST. OLAF

Northfield, Minn.—(I.P.)—St. Olaf's Board of Regents, by a vote of ten to one approved a new intervisitation policy for the current academic year. The new policy includes the provision that the college will provide dormitory facilities for those students whose parents indicate that they prefer their sons and daughters live in residences where there will be no intervisitation.

"In order to protect the privacy of those who may not wish members of the opposite sex in the living unit, no living unit may be open for intervisitation more than four days a week, for more than four hours, or later than 11 p.m. except on Saturday, when intervisitation may extend for 12 hours and as late as one a.m.

It is understood that when members of the opposite sex are present in a room the doors shall remain open. Since the personnel deans are charged with the administration of the dormitories, they are responsible to work with the students in developing procedures and regulations that will protect the rights and privileges of all the residents and that will encourage responsible sharing of the community life in the dormitories.

## BULLetin Bored

by Dom Lamberti and Randy S. Kinkead

Mid-term below grades are posted in the glass-enclosed bulletin board in the Otto Behrend Science Building.

Re: Article on nurses by Charly Lee. The Security police (affectionately called Rent-a-cops) have informed us that in case of an emergency or if someone must go to the hospital, they are the ones to contact for the fastest transportation.

Dom Lamberti reports that word has it that there has been a definite improvement at Doan College in Nebraska since June of this year.

## COFFEEHOUSE TONIGHT

The Behrend Players are sponsoring their second coffeehouse of the year tonight in the RUB Quiet Lounge, from 9:00-1:00. Due to public demand (no kidding) the Muffetts, Behrend's impromptu theater group will perform a variety of side-splitting skits. There will be an admission (INFLATIONARY ADMISSION) charge of 10¢ at the door, with the coffee, hot chocolate, and doughnuts remaining the same—CHEAP. "A pleasant time is guaranteed to all," J. Lennon.

There was a rumor going around campus last week that Martin Sergeant was dead. I confess to the origination of this rumor and now I realize that this little joke was in very poor taste. I wish to apologize to all, especially Marty . . . It was pretty funny though. DOM

Union Director, Mr. Zimmerman held a similar post at Doan College, as he does here, until June of this year. DOM

Don't forget to come and see the Lemon Pipers and Mr. Qwigley this Saturday (tomorrow) at 8:00 p.m. in Erie Hall. The affair costs a measly \$1.50 and Bobby Ocean, WWGO-FM disc jockey is M.C'ing the concert. Bring your blankets and sit on the floor, because there will be a complete light show designated to "blow your mind."

The RUB is not a wastebasket, a wastebasket is a wastebasket.

BITS OF BEHREND, the yearbook, is still on sale from any staff members. The cost is \$5.50, and this year it will be expanded to college size and will contain an eight-page color section.

If you haven't seen your advisor to make out your number 2 cards for winter term, you better get on the ball, or you'll not get the classes that you want.

Concetta Rizzo, last year's editor of The Nittany CUB has been appointed as the new managing editor of Association Press Services, the news gathering division of The Press Association of Commonwealth Campuses. All together now—Woopee! Congrats Chet!

Did you know that all traffic fines go into the Student Govt. Activity Fund? Did you know that this fund doesn't exist this year? Where does the money go?
