## Cubs Shellack Beaver, Head For Double Header

Coach Stoner's baseball squad will try to run their winning streak to four when they travel to DuBois tomorrow for a double-header. On Tuesday, the Cubs will go to Jamestown to seek revenge on the 3-2 setback dealt to the team by Jamestown JC earlier this season.

Last Saturday Behrend shellacked Beaver twice, 12-2 and 10-4, at Beaver.

Doug Zimmerman was the big gun in the first game, going three for five, including two blasts over the left field fence, for six RBI's. Zimmerman was also the winning pitcher in the game, going the

whole way giving up no earned runs on three hits while striking out eight. Tom Albrecht and Terry Kestle also provided the scoring punch, Tom scoring three runs on two hits and one RBI and Terry with two hits, three runs scored and two RBI's.

In the second game Bob Lackner picked up his third win of the season against one loss. Bob went the whole way in giving up four earned runs on eight hits while striking out four. Tim Nuhrer and Bob Johnson provided the scoring punch here with two hits, two RBI's and one hit, two RBI's, respectively.

The teams record is now 7-3.

## Pool Regulations Set By Onorato

The campus pool was originally built by the Behrend family for their own use. Now the pool is open to more than 1,000 students, but the filtering system has not been enlarged. Thus, the university must test the water every week and take a bacteria count.

If the count gets too high, the pool will have to be closed according to state regulations. Therefore, extra regulations have to be set up and enforced to keep the pool open.

Mr. Onarto, who is in charge of the new pool regulations, asks for the co-operation of all students so that the pool will remain open.

The pool hours are Sunday through Friday: 1:30 p. m.-5 p. m. and 6:30 p. m.-8:30 p. m. Saturday: 1:30 p. m.-5 p. m.

The rules:

1. Cut-offs must not be worn in the pool because the frayed edges clog the filter.
2. No food, beverages, or cigarettes are allowed in the pool area.
3. The pool must not be used as an over-sized bathtub. Do not go in the pool after playing ball, etc. when you are perspired.
4. Please don't throw clothed people into the pool as the bacteria count is greatly increased. Strip them first.
