

New Rec Room For RUB Now Under Construction

Construction is underway for the Student Union Board's plans of the new Rec Room facilities. The entrance for the new Rec Room will be situated between the student mailboxes and the bookstore, where 240 sq. feet of space will be utilized for 7 new billiard tables (with pool cues mounted on the walls,) three ping pong tables, an assortment of pinball machines, and a jukebox.

The present SUB desk will remain intact, once the new rec room is open, with the present services still available. Checks will be cashed at the desk until 5 p.m. and only on weekdays. Any other time, checks will be cashed at the new Union Desk. The present rec area will be turned into a lounge similar to the main lounge of Niagara Hall, with the addition of a T.V.

The new Rec Room will be

totally air conditioned and the walls will contain graphics. A calculagraph will be purchased to compute the time used on pool tables and ping pong tables. The scheduled completion date

has been set for approximately April 15, this year. This will be a \$40,000 expenditure attempt to provide increased, improved and better facilities for the Behrend student body.

Band and Chorus Seeking New Members
The Behrend Campus Band and the Chorus are presently in the process of seeking new members for the Spring Term. Besides serving as an extracurricular activity for the students in the group, all members receive one undergraduate credit towards their degree for each term in which they are enrolled in either course. The director of both of these activities, Mr. Davis Giersch, is planning a variety of performances both on and off campus for the coming term.

Chorus (Music 89) will meet in the studio on M, W, F during the second period, while the Band (Music 78) will meet there on the same days during the seventh period. Any student interested in obtaining further information about either of these activities should contact Mr. Giersch in the Studio as soon as possible.

research and recommend possible restructuring of Commonwealth Campus newspapers. The following morning, everyone went to the offices of "The Daily Collegian" to put together a twelve page mock newspaper. In four hours and under actual conditions the journalists attempted to exercise what they had learned the day

before, and learn the many problems that face the average daily newspaper. Problems included such items as the cancellation of a full page ad, the late release of an important new story, and editing profanity in a feature article. Tempers flared and frustration ran rampant as the various staffs tried to cope with the many things that cropped up. Simulation was so realistic that the many involved did not realize until everything was complete that the paper was not going to be published.

That afternoon during the second session, the general effectiveness of the conference was discussed along with some of the financial problems of the Press Association.

The Assembly then adjourned and everyone returned to their respective campuses with the Press Association's hopes that everyone was that much the wiser for attending the conference.

Something To Feed Your Head

Dr. David E. Smith, the Medical Director of the Haight-Ashbury Medical Clinic in San Francisco, comes to Behrend's Erie Hall on Tuesday, March 2, at 8 p.m. to speak on "Youth, Alienation and the Drug Scene."

Known for his television appearances and his writings in leading medical journals, Dr. Smith believes that education is an effective cure. He strongly supports "programs that young people can believe in."

Two books, *Current Marijuana Issues* (Prentice Hall) and *Love Needs Care; the Story of the Haight-Ashbury Clinic* (Little Brown & Co.), are being worked on by Smith for forthcoming publication.

After the lecture, which is free to all (surprisingly), Dr. Smith will be present in the Quiet Lounge of the RUB for a "rap" session. Refreshments will be served.

SGA Discusses J. Walker Award

Nomination procedures for the Josephine Walker Award were discussed by the S.G.A. in their meeting on February 17. It was decided that Behrend's candidate for the award will be the recipient of the Turnbull Award.

Eric Walker, former Penn State President, annually gives an award to an outstanding student at University Park. His wife, Josephine, gives a similar award to a Commonwealth Campus student. Each of the four regions of Commonwealth Campuses

will select one student for consideration. The Turnbull Award winner will represent Behrend in its region.

It was also announced that Dave Carr will represent Behrend's Student Government at an S.G.A. President's conference at the Schuylkill Campus of Penn State.

A phone has been made available for Hotline use. Information about operation has been given by the Erie Hotline and floor meetings in the dorm are planned to gather volunteers to man the Hotline.

FILMS AT EDINBORO

the film to intelligence operatives, and Mark Rudd, one of the founders of the Weatherman faction of the Students for a Democratic Society, once cited the film as a rationale for his politics.

The now fugitive radical was once quoted by the Liberation News Service after a showing of the film in Pittsburgh as saying: "Some of the background of Weatherman can be understood here - we look at the movie, we look at the world; a world-wide revolution is happening. A revolution is not a dinner party. Revolution happens through force of arms."

In New York, the film was entered as the prosecution's evidence against 13 members of the Black Panther Party on trial there. In Europe, prints of the film have been consistently seized and burned.

BULLITT

Steve McQueen did all of his own stunt driving in the breath-taking automobile chase scenes for "Bullitt," the Student Union Board Movie of the week for February 27 and 28.

To prepare for the driving, McQueen spent a day at the Cotati race track with a new Ferrari

Berlinetta sports car at his disposal.

"Bullitt", which also stars Robert Vaughn, will be presented on Saturday at 9 p.m. and on Sunday at 7 and 9 p.m. in the RUB lecture hall. Admission is \$1.00 without an activity card and \$.50 with a card.
