

Student Union Board Features Movie And Phelps Coffee House

The Student Union Board is receiving applications for positions on the Board during the 1971-72 school year. The offices of president and vice-president, and chairmanships of the Special Events, Dance, Social, Cultural, Recreational, Publicity, and Special Services Committees are in need of leadership.

Applications for these positions are available upon request at the R.U.B. desk. The deadline for receiving applications is Friday, April 16.

Friday evening, April 16, the Student Union Board will present its first Coffee House Circuit for the spring term. This coffee house will feature the music of

Gary Phelps and Scott Huntington. Gary and Scott will join together to present an evening of folk and popular songs with guitar accompaniment. Both young men represent the best of Behrend talents.

The coffee house will take place in the R.U.B. cafeteria from 9 - 12. Admission is free with activity card and 50 cents without.

You've heard the story of Jesse James—
Of how he lived and died:
If you're still in need
Of something to read
Here's the story of Bonnie and Clyde.

They call them cold hearted killers;
They say they are heartless and mean;
But I say this with pride
That I once knew Clyde
When he was honest and upright
and clean.

Some day they'll go down together;
They'll bury them side by side;
To few it'll be grief—
To the law a relief—
But it's death for Bonnie and Clyde.

The Student Union Board's movie of the week, Bonnie and Clyde, is the bloody tale of those notorious gang leaders Bonnie Parker and Clyde Burrows. It stars Faye Dunaway and Warren Beatty in the title roles. Bonnie and Clyde will be shown at 7:00 and 9:00 p.m. in the R.U.B. Lecture Hall on Sunday, April 18. Admission is 50 cents with activity card and \$1. without.

Freshmen In Education Sec

It is University policy for freshmen to remain in the Common Year program for their first three terms. To progress into teacher education majors or rehabilitation, students must request admission prior to the end of their third term.

It has been the policy of the College of Education for several years to admit students to a degree program of their choice if they meet the following criteria:

1. Are eligible to continue in the University.
2. Achieve "C" level or above in oral and written expression (English 1 and 3, or 2, and Speech 200)
3. Achieve "C" level or above in psychology, sociology, and philosophy
4. Meet the special additional requirements of the several departments
5. Have been screened by the Speech and Hearing Clinic and have been cleared as a teacher candidate or is receiving corrective therapy (students on Commonwealth Campuses may delay this action until they arrive at University Park.)

When the student is not accepted by the department of his choice, he must seek another degree program, or ask to be referred into the Division of Counseling for career and personal guidance. We will not allow a student to continue to enroll as a general education student after the third term. If the student fails to initiate the required action to change to another college or to the Division of Counseling, administrative steps will be taken to advise him that he will not be allowed to register in the College of Education.

During the past several years, the provisions of this policy have not always been strictly enforced. In particular, those students on Commonwealth Campuses have been permitted greater latitude. It is anticipated that from now on the policies regulation selection and retention of students seeking admission to teacher education programs will be complied with as closely as possible.

It is suggested that all incoming freshmen, who indicate a choice of education as a major be advised of these policies.

CONTRACEPTIVES privately?

We believe your private life should be your own. And when it comes to buying contraceptives, the hassle in a crowded drugstore isn't exactly private. So we've made it possible for you to get nonprescription contraceptives through the mail.

We specialize in men's contraceptives and we offer two of the most exciting ones available anywhere—Fetherlite and NuForm condoms. They're better than anything you can get in a drugstore. Imported from Britain, they're lighter, thinner, more exciting to use; and precision manufacturing and testing techniques make them as reliable as any condom anywhere. Made by LRI, world's largest manufacturer of men's contraceptives, Fetherlite (the best) and NuForm not only conform to exacting USFDA specifications, but are made to British Government Standard 3704 as well. We think you'll like them.

Our illustrated brochure tells you all about Fetherlite and NuForm. And about seven other American brands which we have carefully selected from the more than one hundred kinds available today. And we explain the differences.

We also have nonprescription foam for women and a wide variety of books and pamphlets on birth control, sex, population, and ecology.

Want more information? It's free. Just send us your name and address. Better still, for one dollar we'll send you all the information plus two Fetherlite samples and one NuForm. For four dollars you'll get the brochure plus three each of five different condom brands (including both Imports). All correspondence and merchandise is shipped in a plain cover to protect your privacy, and we guarantee your money back if you're not satisfied with our products. Why wait?
