

Beat the heat

Students go outside to beat the heat and catch some sunshine and education at the same time. Philip Iobst tries to teach philosophy as attention wanders over the landscape.

Undergrads Cause Scheduling Mixup

The College of Education is experiencing some problems caused by its full-time undergraduate students at the Commonwealth Campuses registering during the

regular terms for courses offered through continuing education. This is upsetting the sequences of courses planned in professional blocks for the students after they come to the University Park Campus. The result has been a real hardship on the students concerned, and a great deal of confusion for their advisors and faculty at University Park.

Effective immediately, full-time undergraduate students in education should not register for continuing education courses except with the written approval of their College of Education advisor.

SEX IS YOUR BUSINESS birth control IS OURS

We believe your private life should be your own. And when it comes to buying contraceptives, the hassle in a crowded drugstore isn't exactly private. So we've made it possible for you to get nonprescription contraceptives through the mail.

We specialize in men's contraceptives and we offer two of the most exciting ones available anywhere—Fetherlite and NuForm condoms. They're better than anything you can get in a drugstore. Imported from Britain, they're lighter, thinner, more exciting to use; and precision manufacturing and testing techniques make them as reliable as any condom anywhere. Made by LRI, world's largest manufacturer of men's contraceptives, Fetherlite (the best) and NuForm not only conform to exacting USFDA specifications, but are made to British Government Standard 3704 as well. We think you'll like them.

Our illustrated brochure tells you all about Fetherlite and NuForm. And about seven other American brands which we have carefully selected from the more than one hundred kinds available today. And we explain the differences.

We also have nonprescription foam for women and a wide variety of books and pamphlets on birth control, sex, population, and ecology.

Want more information? It's free. Just send us your name and address. Better still, for one dollar we'll send you all the information plus two Fetherlite samples and one NuForm. For four dollars you'll get the brochure plus three each of five different condom brands (including both imports). All correspondence and merchandise is shipped in a plain cover to protect your privacy, and we guarantee your money back if you're not satisfied with our products. Why wait?

Black Student Union Initiated at Behrend

The constitution for the Black Student Union has been written and amended.

The purpose of the Black Student Union is explained in the preamble of its constitution. "Our purpose is not to reform or revolutionize this campus but to concentrate on our own self-development; to

create an awareness of the endeavors of the Black Student Union of the Behrend Campus within the Black community of Erie, Pennsylvania; to contribute a service to the people of the communities; to expose Black history and culture to the Behrend Campus and

Erie communities."

Other activities to be organized are evening seminars and inviting people from the local community to come to Behrend and participate in discussions and similar activities.

"The club will create an emphasis upon Black history and culture and to endeavor or promote better relations with the students at Behrend", commented Debbie Lomax in explanation of the proposed charter during a recent SGA meeting.
