
 (Student Council Cont'd)

announced that the affair was a total success and that the approximate cost was \$93.20. Veale and Carper will replace Lotito and Harry on the Social Committee for the Spring semester. Veale reported there was a very poor turn-out for the last dancing class and, stated that if we can't creat interest in them, we should drop them, as it wasn't fair to ask faculty members to give up their free evenings for nothing.

THE PRESIDENT SPEAKS

I, Stan Gruszewski, President of the Student Council, would like to take this opportunity to report to the student body the progress of the Student Government Association in the Fall semester, 54 & 55.

The Student Government has been functioning the entire 1955 Fall semester and has conducted regular meetings every second Wednesday at 8:00 AM in room M-208. Any student having problems or desiring to offer suggestions was invited to attend these meetings. As no sutdents, other than the Council members, have been present, I am under the assumption that conditions at the Center are satisfactory.

The one major problem which had been called to the attention of the Student Council members was the limited parking facilities. After discussion of the situation, the Student Council realized it was impossible for it to provide a solution. The proper authorities are aware of the dilemma and are doing everything possible to remedy the conditions.

I and the other members of the Student Council cannot understand the lack of spirit and interest in Highacres on the part of the students. Every single one of us has payed towards the Student Government Funds but few take advantage of the benefits obtained by it. Throughout the semester, attendance at and participation in the many and varied activities have been poor. I suggest we all get together and create some real college spirit for the Spring semester. Please don't hesitate to offer any suggestions you have to improve the Center.

PAKISTAN DOCTOR TO SPEAK HERE

On Friday, February 25, at 1:20 PM, in S-101, the Sociology 5 class will hear a guest speaker, Dr. Din, a surgeon at the Hazleton State Hospital. Dr. Din, who is a native of Pakistan, will talk about the culture and people of his country. Dr. Din spoke at the Center last year, and those who heard him, agree he was worth listening to.

Although Dr. Din will speak during the regular Sociology class period, everyone is invited to hear him. It isn't very often that Highacres' students get a chance to hear a guest speaker, so let's fill S-101 with an interested audience.
