
CAMPUS CHARACTER #3

Meet Percival Playboy
 Quite a likeable lad,
 But one to whom college
 Is merely a fad.

He attends all the parties,
 Flirts with each pretty lass,
 Though it's very unusual
 To find him in class.

He's joined all the clubs
 Attends meetings with glee,
 Then when work's to be done
 Oh, where can he be?

Despite his low marks,
 He's not dumb so I've heard
 But study, UGH!
 What a horrible word.

Yes, Percival playboy's
 Quite a likeable lad
 That he won't be in school long
 Is really too bad.

CHIFFY

Hello there.

First I want to thank some of my friends for writing to me. It's the first time in three weeks that I received any mail and I was lonesome.

Question of the week: Who is 'Trap Tooth'?

Larry Bott has requested that everyone call him by his newly adopted name - 'Sin Bad' (the Sailor?)

We hear that Steve Butcher has fallen for an attractive blonde whose initials are Lois Carper.

Margaret Churilla informed the ladies of the lounge that she eloped but she won't tell who the lucky guy is. Any ideas?

It seems that Spring is bringing a renewal of an old acquaintance (?) MFV and JET. Sound familiar?

It is felt that Mike Blass should join a fraternity. A frat pin would look 'simply divine' on his baby blue dacron sweater. (By the way Mike, why don't you wear it anymore?)
