HAZLETON COLLEGTAN

CAMPUS CHARACTER #4

This week meet Sam Scribble,
Whose art you often see,
On walls and doors and places
Where art work shouldn't be.

Another place you'll find Sam's art
If you would care to look,
Is on any empty spaces on
Anybody's book.

Now, chalk is something made, we know,
To use upon the blackboards,
But Sam's original, you see,
And chalks up all the baseboards.

Don't think we don't appreciate
Sam's artistic talent,
It's just we wish he'd use it
On ways that are more gallant.

WHAT'S THE DEAL ?

Things are falling up these days! Ask Mary Ann for an explanation.

We hear that "Mustache Bob" has gone back with Peggy!

A cream-colored Plymouth has been seen making frequent visits to Conyngham, to be more specific, -to the house of a girl named Janet.

The other day a very observant bypasser--and possibly others-- spotted a ticket on Dave Drasher's car written out by Dave Drasher--and--Dave Drasher is a member of the Traffic Committee. Is there a reward for receiving a ticket nowadays??

Plunder of the week: Dale Walker stood up to answer a question in Poly. Sci. class. After realizing his mistake, he said, "Oh! I thought that I was in R.O.T.C. class."

MARK THIS DATE !!!

The College Arts Society will present its final movie on April 14, 1955 in the Main Lounge. The presentation will be The Quiet One. It is a moving documentary-style drama of a young boy's finding that he is not wanted. It should prove to be exciting. Reserve this night to be with us in the Main Lounge.
