MORE ROOM---TO SIT

This past week the Main Lounge, if you haven't already noticed, has been renovated with some handsome-covered chairs. The two wing-back chairs were reupholstered by the Women's Auxillary and the others were paid for by the Center. The new additions not only enable more students to conglomerate in the lounge, but also add color and a warm-homely feeling throughout.

CAMPUS CHARACTER #5

Meet Bill Blow  
A real loud-mouthed gent  
Whose stories are  
Of a long-drawn-out bent.

At the drop of a hat  
Bill will let you know  
That in all situations  
He is the star of the show

According to Bill  
He's the best student by far  
He wears the best clothes  
And drives the best car

In class Bill is full of bright sayings  
and always has a comment  
That he's not as smart on bluebooks  
His teacher does lament

Bill really is a character  
To meet him is no chore  
But once you stop to listen  
You'll find him a bore
