

-----  
 (Student Council Cont'd)  
Social

Since the Social Committee had not met at the beginning of the semester, no social activities were held before Lent. Chairman Mehalick stated that two committees have been appointed for Convocation. Stan Gruszewski suggested that we hold a picnic and the matter was referred to the Social Committee.

Traffic

John Mehalick resigned from the Traffic Committee because of insufficient time to do the job well. Mary Jane Skoff was appointed to take his place and the committee will decide as to who will be chairman. The Council stated that faculty members have assigned places to park and cars are not allowed in the circle. David Drasher reported that the Traffic Committee posted a list on the bulletin board of those who owed fines. A dollar penalty is added to those fines that have not been paid and all appeals must be made within 24 hours. The committee will begin to tag cars in the parking lot, as no cars are to be parked in the entrances.

Misc

The Council approved May 14, for the May Day celebration under Theta Sigma Pi Sorority.

WHAT HAPPENED TO THE M.S.E.C.?

In the past fall semester a Math, Science and Engineering Club was initiated into our list of extra-curricular activities. The club toured various industrial and power plants, saw colored slides, and heard speakers. Recently a few first semester students have been inquiring about the club, but no one seems to know the whereabouts of it. Has interest faded and has the club disintegrated? Give with the details!!
