
 (Chippy Continued)

I enjoy sitting through Lit class. Something exciting is always bound to happen. I was thrown right from the chalk tray where I was sitting when the curtain decided to fall. Just like a mystery, the whole thing just came down and so did I. Boy! was I shaken up for a while.

Well that's all for this week, but how that the weather is so nice and I can move around without my umbrella and radar for wet foggy days I'll be seeing more of you.

So until next week, so-long X X X

CONVOCAATION AWARDS

Each year at Convocation many awards are given to students who have excelled in certain subjects throughout the school year. However, only certain subjects are considered, such as Engineering, English, Math, Drafting and Electrical Technology, Physical Science, Social Science and ROTC. The point of this article is why don't we continue giving awards in the language courses, Biological Sciences and Music? -- and possibly in a few other subjects. Many students have to work just as hard in those subjects that do not get any recognition at all. Many have to do more and it requires more in many of the others, too. It would be nice to hand out awards for achievements in all subjects, and more students would appreciate them.

ATTENTION!!! There will be a Convocation Meeting on May 10 for the faculty or representatives of the various committees. If you are a chairman of any of the convocation committees, then be sure to be at this meeting.

SATURDAY IS MAY DAY

This coming Saturday is May Day at our Center. Beginning at 3:00p.m., the ceremony will feature the crowning of our Queen, Elaine Ferko. After the affair there will be refreshments in the Main Building for all those attending the May Day program. And---as a final reminder--- The Queen's Ball will be held in the same evening at the Eagles' beginning at 8:30 and ending when all leave. It is not certain as of printing time, but it is probable that the All-Girl Orchestra will furnish the music.

To make the entire day a success, you men are requested to get to it and get yourself a date. It's a school activity, so there's no charge. Enjoy yourself!!!
