WANT TO LEARN HOW TO FLY?

An organization called the Student Flying Club, which was originated by the ROTC Cadets under the guidance of Captain Carper, is being formed. The purpose of this club is to teach interested persons to fly with a minimum of expense. This fee will entitle you to "own" a share of an airplane. If, at the end of the year you wish to drop your membership you can sell your interest in the plane to someone who wants to join the club, thus getting your entrance fee back. Members will be able to fly for a fee of two to four dollars, depending upon the enrollment of the club.

Everyone is welcome to join. This invitation is extended to veterans and two year Technical Students.

The initiation fee has been set at \$50.00. Though this may seem expensive, Dale Walker, one of the club's enthusiasts, has pointed out that anyone wishing to gain a flying license would have considerably greater expenses outside the club.

SWEAT SHIRTS ARE IN!

Show your school spirit by wearing one of the new blue or white Penn State sweat shirts which have recently arrived at the bookstore. The shirts either bear the Penn State emblem or the traditional Nittany Lion, with, of course, Penn State in black letters.

The white shirts are priced at \$1.95, the blue shirts at \$2.35.

TRAFFIC COMMITTEE

Owner Responsibility and Speeding

"The owner" of the car is responsible. This is the policy set forth by the Traffic Committee regarding parking in the circle.

Owners will be held responsible regardless of the conditions under which the car came to be parked in the circle.

The committee also passed a strict policy with regard to speeding and reckless driving on the hill. In the future all drivers will be held liable for this offense and subject to fine upon presentation of the following to the committee: the offense, the offender, and the verification of offense and offender.
