GREETINGS FROM THE HIGHACRES COLLEGIAN

This year, the Highacres Collegian Staff, under new student management, hopes to continue to provide a campus paper that is informative, interesting, and adult in its articles.

A college paper keeps everyone informed on the thousand-and-one-curricular and Extra-curricular activities that go on at Penn State. News items, however brief, are eagerly anticipating by our students. Thus it tends to bring us all together.

The Collegian staff has many opportunities for any student interested in writing for publication, in journalism, in public relations, in student government, in social life, in sports, in miscellaneous humor, and, above all, in the joy of group participation.

In addition to such advantages, work done for the Collegian is rewarded by the "blessings" of the Parnassus Society which has raised the maximum points that anyone from editor to proofreader to typist to reporter can receive.

Students who are interested are welcome to meet the newspaper enthusiasts in our newspaper den, Room 305, (top floor in the Main Building) or leave word with Mr. Kafka, our faculty advisor.

HERE'S TO A THRIVING SEMESTER
