

COLLEGE ARTS SOCIETY PRESENTS

by Lyla Berish

On Monday, Feb. 18, at 8:00 P.M., the film, Annapurna will be shown in the Main Lounge, Highacres. This is the actual film record of Maurice Herzog's Himalaya expedition, with a wealth of human interest and the vividly picturesque settings of jungle and mountain. Even more than Herzog's best-selling novel, this is a breathtaking visualization of a daring ascent which became a spiritual adventure. Also included is a short film entitled The Compenius Organ in Denmark.
