

# FENCING Club

The Fencing Club has become one of the most interesting extra-curricular activities here at Highacres. The Club started with two foils and four students interested in learning the noble sport of fencing. Many of the participants of this sport were seen on the athletic field or in the garden learning to become graceful and agile. Soon other students who saw their hard working future fencers decided that they too would join the Fencing Club.

At the present time the fencing club has eight members and plenty of excellent equipment. The Club has three fencing instructors. They are Richard A. Maggio, Roy Ruberight, and George M. Opilla. The members of the Fencing Club are as follows: June Hunchar, Martha Preputnick, Dolores Stauffer, William Riley, Ted Kirby, Dorothy Melley, Martin Zemany, Richard Goss.
