

STUDENT UNION cont.

be at such locations rather than on the main campus. By the late 1960's, they predicted, the main campus will be for juniors, seniors, and graduate students, with students taking their first two years of work at centers nearer their homes.

If the Hazleton area should follow the predicted pattern, the time may be approaching when Highacres will have more buildings and, possibly, dormitories for students who will come here for their first two years of college.

The Woelfel firm said yesterday that work will begin on the new building "as soon as the weather breaks". Although that date is indefinite, they said it is a practical certainty that the building will be entirely completed and ready for use for the term which starts in September, 1958.

THE FENCING CLUB REORGANIZES

Maj. Parsons, and Capt. Edmunds will direct the fencing club this semester. The Maj. has informed us that notices will be placed on the bulletin boards when the equipment has been inventoried and plans have been formulated.

We wish the fencing club good luck, and hope there are no casualties this semester.

SORORITY NEWS

The Highacres sorority held its first meeting of the new semester last Thursday night. At this meeting, plans were formulated for the coming May Day, and the date for that event tentatively set for May 17. The committees named for May Day are as follows:
