- Richard Monks
- Robert Romancheck

Recreation Committee

- Betty Ann Ficek (chairman)
- Fawn Huagal
- Geraldine Wilkowski
- Robert Parsons

Publicity Committee

- Ted Minor (chairman)
- John Cappello
- Frances Werbshaw
- John Zisek

Finance Committee

- John Zisek (chairman)
- Ted Minor
- John Cappello
- John Penkala

Student-Faculty Board Representatives

- Ted Minor
- John Cappello
- Albert Hinger
- Betty Ann Ficek

Under normal conditions, the respective committees will meet the first and third Friday of every month. The committees will then discuss projects that they would like to put into effect, and the committee chairmen will then

submit these problems to the Student Council for further discussion and consideration. The council will meet the second and fourth Friday of every month at 11:30 A.M.

Any student who is interested may attend either the committee meetings or the Student Council meeting. We encourage the students to attend these meetings and express their opinions.

APPLIED PSYCHOLOGY CLASS TOURS MENTAL INSTITUTION

by Ted Minor

In conjunction with their current studies, the Applied Psychology class under the supervision of Prof. Richard McKinstry, had the exciting experience of touring the State Mental Institution at Danville.

After an extensive tour of the institution, the class had the privilege of being addressed by Dr. Kramer, Clinical Director of the institution. Dr. Kramer emphasized the importance of the role to be played by the public in the rehabilitation of mental patients. The Dr. exclaimed that the public must learn to accept discharged mental patients, just as they accept people discharged from other types of medical institutions.

A question and answer period followed Dr. Kramer's address in which the students very adequately displayed the knowledge they have acquired in the classroom.

Plans are currently being formulated for a visit to Kis-lyan in the near future.
