

"SNAP COURSES" CONTINUED

course. Regular sessions are held every evening from 10-11 in Mike's Bar on College Avenue. Grading in this course is according to the consumption per student. No failing grades are issued because everyone makes a noble effort.

Forestry 806

One credit is given for completion of this course. Examinations consist of being dropped into the Pennsylvania jungles by plane and then walking back to civilization. Female guides are sent after students who fail the test and become lost. This may be the reason why no one has ever passed a test. However, marking is on a curve and the consistent straight line yields nothing but A's.

Juvenile Delinquency 13

This is a two credit course offering the latest in methods of gang warfare. Required equipment which must be purchased before taking this course are a blackjack and zip-gun. A text written by Willie Sutton is used. Students are reminded that this class only meets when the professor is out on good behavior. Plans of the final test are not issued before test time because of police reasons.

COLLEGIAN STAFF

Editor-in-Chief.....Tom Maxwell
Assistant Editor....Fred Steckert
Associate Editor....Stan Zdep
Art Editor.....John Cappello
Reporters..... Barbara Katchmarik,
Joanne Edwards, Stan Zdep, Tom Maxwell,
John Zisek, Ted Minor, Olga Markus
Typists.....Gene Tihansky,
Joanne Edwards, Tom Maxwell

Out of a group of female volunteers, Carol A. Mc Laughlin's hair burned the fastest and Betty Ann Ficek's the slowest.
