The advisor of each organization determines the number of credits each individual will receive.

Save this paper for future reference.

NOTE:

It may be observed that there are several activities that are not listed in the above article. You need not fear that these organizations are unrecognized by Parnassus. They simply have been so lately organized that Parnassus has not yet been able to set up a point system for them.

THE STUDENT GOVT. ASSOCIATION

This group directs student life here at HIGHACRES. They decide who gets money, how much they get, and for what they can spend it. (The money in question is YOUR money. Of the \$10 activities fee each student pays per semester, \$7.50 is given to our Student Govt. Association to dispense as they see fit. The other \$2.50 is retained at the Main Campus.) They also decide when, where, and why a dance will be held. Finally they decide who will be on what committees. The advisors for this activity are Professors J.R.Mattern and J.A.Longo.

You may be asking yourself how you can become a member of such a powerful group as that which we have been talking about. Well, for the first few weeks of this semester a temporary group, elected by last year's council will run things around here. However, within a few weeks an election will be held and a new council and set of officers will be chosen. You

may get your name on the ballot by presenting a written petition with the signatures of ten students on it to the advisors. You will hear more about this soon.

THE COLLEGIAN

You are reading the COLLEGIAN. It is a mimeographed paper which is seen every two weeks during the academic year. There is much controversy as to what the COLLEGIAN is. Some say it is a newspaper (there are few saying this). Some say that it is a magazine (such as MAD or HUMBUG). Others say it is a variety of things (all unprintable). Occasionally a printed edition is seen, but a few of these can be put out because of their relatively high cost and our relatively low budget (very low).

The remnants of last year's staff are still around, but many new people are needed to continue publication of the COLLEGIAN. A paper may be found on the bulletin board on the second floor of the Main Building. If interested in becoming a member of the COLLEGIAN staff, place your name on it. In a few days an organizational and introductory meeting will be held. Notice of this meeting will be placed on the Bulletin Boards. The capable Professor Andrew Kafka is the advisor to the COLLEGIAN.

... THE BELLE LITTRES SOCIETY

This creative writing group is, in many ways, tied to the COLLEGIAN. The advisor to this group is also the capable Professor Andrew Kafka. Anyone interested in creative writing should watch the bulletin boards for further information.

THE COLLEGE COMMUNITY CHORUS

This is one of the most active groups here. They meet once a week for a practice session. Several concerts are held each season by this group which is composed of students and members of the community. Professor Pearl Garbrick heads this group.
