he teams have been organzed in this manner so that hey are nearly equal in bility, with the purpose being that they may compete mong themselves.

A steel grey sky Meets a flat, brown plain A place of shadows And everlasting twilight.

A vast ringing emptiness
An eternal valley of unfulfillment
Stretches on

Bitter combustible waters Lie in motion-less pools Fetid combustible gases Churn and roll and swirl

The place of not-being and forgetfulness
The place of birth and death. FES

SUB UNCOMPLETED AS DEDICATION DATE LOOMS

"No one will move into the new SUB until both we and the contractor are satisfied with the contract," says Mr. Frank Kostos, our admin-3 contractors are trying to finish the outside and inside as quickly as possible. Inclement weather has retarded completion of the exterior. The furnishings, including kitchen equipement, have been ordered, but as yet delivery has not been made.

Mr. Kostos is sympathetic with the students in that he also desires completion and occupation of the building as soon as possible. To speed up said completion, the custodians have installed soap dispensers, washed t the available windows and are hoping to treat the floors with a preservative in the near future.

The definite date set for the dedication of the SUB is Sunday, November 23 at 2 P.M. The speaker will be Mr. Eric Walker, President of the Pennsylvania State University. Mr. Kostos urges both the students and the public to attend.

ROTC NEWS by B.J. Pace

May we extend hearty congratulations to our fine Drill Team who participated in a parade at Catawissa and marched off with a 2nd prize of thirty dollars. Members of the Drill Team should be credited for their faithful at endance at all practices and the Squad leaders should receive due recognition for their patience and thorough training.

The student body will receive the opportunity of witnessing the Drill Team in action at the dedication program of the Student Union Building, in which they will take part in the presentation of the flag.

A definite date has been set for the military ball—December 30—at the Altamont Hotel. The various committees are working diligently in order to make this ball of 1958 as successful as it has been in the part.

God bless all the nommies, God bless all the daddies, God bless all the doggies, God bless all the kitties, God bless all the birdies, But especially, God bless the parking committee.
