

WILKES CLUB INVITES HIGHACRES STUDENTS
TO DANCE

The Psychology-Sociology Club and the History Club of Wilkes College has cordially invited our students to attend their second annual Robert Holly Hop. It will be held in Wilkes College gymnasium on December 5. There will be continous dancing from 9-12.

Music will be provided by the "Blue Notes," a six-piece orchestra.

The dance will feature "low overhead" with admission set at only 50 cents. So go and enjoy yourself. Refreshments will be served.

There will be surprise entertainment.

CHALLENGE PROBLEM No.II

A prime number is an integer that is divisible only by itself and unity. Thus 5 is a prime, but 6=2x3 is not.

Prove that there are an infinite number of primes P of the form:

$$P = N^2 + 1$$

For example, 5 = 2² + 1, 17 = 4² + 1, etc.

Reward: One complete set of the Encyclopedia Britannica.

Leave solution in mail box of, or communicate to, Prof. A. Herschfeld.

What care I, what care I?

I've never been loved. by
But, ea ch day, Hastings
I go my way,
Quickly,
Quietly,
Surely.

When all is still,
When night is quiet,
I again,
Lose myself
In the deep black bowels
Of the night.

Last night, by
My good friend, John, Hastings
Said good-bye to Mary,

Last night,
Forever
And forever
And forever
And a day
Or two more.
I must speak to
My good friend, John
Tomorrow
Or tomorrow,
Or tomorrow,
Or the day
After next.
What's he thinking about,
ANYWAY?

It died
Last night- by
The love you gave me Hastings
All in a word,
The word I hate.
When all is still,
When night is quiet,
I think of you,
What might have been,
I died a little last night
Too.
