

CHESS TOURNEY BEGINS SCHWITZER STOPS FAVORED WALKER

The 1959 Penn State Chess Tournament began on Friday, February 6, with twelve budding World Masters participating. A total of 20 matches will be played, each being on a best of 3 games basis except the Championship and Consolation matches, which will be best of 5.

The prizes, generously given by the Student Government Association, are truly worth playing for. The Champion will walk away with a beautiful set of contemporary chessmen, the King standing 3 1/2" high. The second and consolation prizes are handsome, popular traveling sets.

The tournament has already demonstrated the amount of competition and excitement found in any competitive activity. The first round, Walker - Schweitzer match amply illustrates this. In winning this 2-1 decision, filled with brilliance and, alas, disastrous minor oversights, Bill Schweitzer issued his challenge to the other contestants. The favorites are Lee Bellotti and Bill Schweitzer, with a number of aggressive challengers making their bids. Regardless of who becomes the 1959 Highacres Chess Champion, the tournament promises many exciting moments, including a few upsets.

*****GOOD LUCK TO THEM ALL*****

"I do believe his voice is changing!"

ROTC SHAKEUP AT HIGHACRES "DEPARTING OFFICERS" GIVEN AS CAUSE

With the beginning of the Spring Semester, various changes are occurring in ROTC. Because of the transfer of many students to the main campus, new officers have been installed. The following promotions have been issued:
