

ADMINISTRATION NEWS

A WELCOME TO MRS. SEELY

by Hank Richard

BY Frances Werpshaw

Mr. Schneider has released the following Administration News:

Mrs. Seely, the cheerful and efficient woman who assists Mr. McGurgan is the cafeteria, is the newest addition to the Penn State University Campus Staff.

The final examination schedule is posted on the bulletin boards. If there are any discrepancies, stop in the office and see Mr. Schneider..

Mrs. Seely, a graduate of Bloomsburg State Teachers College, taught for a number of years in Sugarloaf Township. Now she resides in Butler Township, at the foot of the Nescopeck Mountain, with her husband.

Registration for summer sessions will begin on Monday, May 25th. A list of tentative courses is available in the office.

During her free time, Mrs. Seely joins her husband in leading the activities of the calf club, a branch of the local 4-H Club. She especially enjoys working with young people.

Miss Sylvia Williams, one of the secretaries in the office, is leaving next Friday, April 17, to pursue the course of matrimony. She will be replaced by Mrs. Vivian Enama from Sugarloaf. Mrs. Enama is not new to our campus; she worked here several years ago.

The following students, having achieved scholastic recognition, were named to the Dean's List for the Fall Semester, 1958-59:

- Bradney, Nancy...4.00
- Ceol, Edward.....4.00
- Maxwell, Thomas..4.00
- Rimm, Sandra.....4.00
- Svok, Eleonor...4.00
- Walker, George...4.00
- Dalto, Henry.....3.80
- Hinger, Albert...3.80
- Lovrinic, Daniel.3.72
- Rodzewich, Joseph3.69
- Markus, Olga.....3.60
- Kleckner, Franklin3.50
- Stefanisko, M....3.50

When confronted with the question "How does Penn State appeal to you?", Mrs. Seely replied, "I love Penn State--its atmosphere, and its students."

The Second Annual Journalism Workshop will be held here at Highacres, April 18th. Nancy Bradney will give the address of welcome. This workshop is open to all high school journalism clubs in the area.

HIGHACRES BLOOD PROGRAM

A pint of blood from 10% of our enrollment and staff insures us for the remainder of this year in the blood assurance plan of our local Red Cross.

WHEATON COLLEGE STUDENTS TRAVEL!!

(I.P.) Norton, Mass.

A trip to Europe has usually been the present received at graduation by many college seniors. At Wheaton College, about half of the 700 young women students have either traveled or studied abroad prior to graduation.

We are very near that goal, four (4) more donors will do it on April 17th at the Conyngham Lutheran Church.

Blood receipts can be obtained during the summer vacation in the office. These blood receipts can be obtained for you and your immediate family.

A third of the junior class at Wheaton have been abroad, and proportionately fewer sophomores and freshmen have visited foreign countries. Forty-five out of a class of 104 have been to Europe, Asia, or South America. One Wheaton junior studied in Australia, and one, in Israel!

PENN STATE COURSES VIA TV

Electronics now is making it possible to offer courses via television. Last summer, for the first time, the University's "learn by mail" students looked to video for help. This semester the "Atomic and Nuclear Physics" course is taught!
