COLLEGIAN PLANS PRINTED "SILVER ANNIVERSARY" ISSUE FOR MAY

Thanks to the S.G.A. of the Hazleton Campus there will be a printed edition of the Highacres Collegian in May.

Work has begun, but help is urgently needed. Students who would care to help with research articles on the various extra-curricular activities offered during the 25 years the Hazleton Campus has existed, are asked to see Nancy Bradney immediately. Also needed are typists and persons who are familiar with producing a printed newspaper.

If anyone, faculty, student, or alumni has any information relating to Highacres's history, he is asked to submit to to any member of the staff.

I looked into her eyes and
I saw something that made my heart
leap---my blood sound---my brain
whirl---one of her eyes was purple.
