

A TOUR OF THE SUB *****

Let's take a walk to the SUB (Student Union Building). You know what building I mean: the new one surrounded by a low stone wall.

Upon entering the SUB, you will find to your left a small room which is quite popular with the students. The Hi-Fi room is used by many students to listen to Jazz or just to relax.

Directly across the hall from the Hi-Fi room is a counsel room.

The cafeteria is the main attraction to many students and teachers. For many of us, all that is needed to procure a nice platter is fifty cents, nevertheless, there is quite a selection of other fine foods.

"Hi! Mr. Kidd! Is the school store open?" This is a phrase heard quite often by our congenial Mr. Kidd who is manager of the SUB. He is in charge of the school store located to the right of the cafeteria on the main floor.

On the lower floor of the SUB are a telephone booth, the rest rooms, the lounge (Lion's Den), and the ping pong room.

Many students can be found in the lounge either studying or amusing themselves. When walking through you will find students watching television, conversing, or playing cards or chess.

Would you like a game of ping pong or a candy bar or cigarettes? All these can be found in the large ping pong room.

I hope you have enjoyed our tour through the SUB and thanks for coming along.

P.S. Occasionally, dances are held in the SUB on weekends. Many new SUB activities are now in the process of being formed. The SUB is also used in the evening by such groups as the Sorority and the Highacres Dance Band.
