STUDENT LOAN APPLICATIONS
AVAILABLE IN OFFICE

Application forms for student loans under the National Defense Education Act Loan Funds are available in the office of Mr. Schneider.

Special consideration will be given to students who plan to become elementary or secondary school teachers and to students whose academic background indicates a superior capacity for or preparation in science, mathematics, engineering, or a modern Foreign language.

A fulltime student can borrow as much as \$5,000. in a four year program but not more than \$1,000. in any fiscal year. However, availability of Federal Funds may limit the above figures. A student can repay in a shorter period if he desires. The interest rate is three per cent a year starting with one year after the borrower ceases to be a fulltime student.

Certification by the Educational Administration to the effect that the borrower has been a fulltime teacher in a public elementary or secondary school entitles the borrower to forgiveness of up to half the loan, plus interest on that half, at the rate of ten per cent a year. The borrower is responsible for securing this certification.
