

25¢ Fine To Be Imposed on Student Offenders:

A new procedure designed in accord with rule "6" set down by the House Rules Committee of the SGA has gone into effect this week.

When a student deliberately leaves his coat or books on a chair or table in the Main Hall of the SUB, the items will be picked up and placed in the Union Office. The student will pay a 25¢ fine for the return of his items. A second offence by a student will result in a 50¢ fine. Further offences will result in a more drastic penalty.

SORORITY PLANS ACTIVITIES FOR YEAR:

At a meeting held in the SUB last Monday the girls of the Theta Sigma Pi Sorority began planning their activities for this semester.

Among the tentative functions to be held in the near future are a skating party, a trip to N.Y.C. to see a Broadway production, a Christmas dance, and a banquet.

On Sunday Afternoon, December 13, the girls will have a tea for their mothers and the faculty women. Entertainment will be provided by the girls and Mr. Charles Butler.

On December 18 the Sorority and their guests will visit regional hospitals and entertain the patients with Christmas Carols.

At their next meeting (December 3) Mrs. K. will speak to the girls on personal hygiene.

A bake sale is scheduled for Dec. 8 with Edwina Roland as chairman.

Those who were unable to attend the last meeting should note that it was decided to impose a fine of 10¢ on those failing to attend future meetings.

Kampus Korner

There seems to be a feeling among upper-classmen on ~~Michigan~~ that compulsory class attendance should be abolished. The advocates of this "attend at will" school argue that men and women in a university who are adult enough to choose their vocations, place their studies, etc., are also adult enough to decide when class attendance is actually doing them good.

No such system exists at FSU.

.....

Both Ed and Phys Ed enrollment show increase. Enrollment records of the college show that students are taking seriously the public need for well-trained teachers. In a 5 year period enrollment in education has jumped from 1246 to 2195. Figures for 1954 in Physical Ed are 234--now enrollment has increased to 297.

.....

State appropriation is \$10 million less than requested.

FSU has been appropriated \$34.2 Million for the 1959-61 biennium by the state House-Senate committee. This sum is almost \$10 million less than the original \$44 million requested by President Walker.

This means that an expected 5000 student increase is eliminated as are faculty pay raises. Thus, the University stands still while the demand for enrollment increases, the price of living increases and more competent professors take jobs where a suitable salary is given.

.....

Bagpipers on Campus:

H. C. Lawrence Smith, freshman from N.Y. has taken it upon himself to enhance the cultural side of FSU by organizing his own band--a bagpipe band. He found 5 respondents to a Collegian classified and the formal Highland Scottish regiment of 6 have taken the name of the Penn State Caledonians. Four drummers are needed.
