

(continued from page 1)

DR. EDDY ASIRVATHAM

He has traveled and lectured widely throughout the west and the Orient. From 1946 to 1953, he was Professor of Foreign Missions and Christian International Relations at Boston University and Summer School, Professor of San Diego State College, University of Oregon, and Garrett Biblical Institute.

He returned to India in 1953 to become Professor of Political Science, Nagpur University and was named President of the Indian Political Science Association and the Sectional President of the All-Indian Educational Conferences in 1954. In 1957, he became the University Professor of Political Science at Bihar University and Acting Principal (President) of Ranchi College, Ranchi, Bihar, India. He was President of the All-India Conference of Indian Christians, and elected to this office for the fourth year consecutively.

He is the author of three books: Political Theory, The Future Constitution of India, and his last, Christianity in the Indian Crucible. He is now working on his next book which will be entitled Social Issues of India.

In the United States, he has lectured extensively under the auspices of the American Friends Service Committee, East and West Association, Foreign Policy Association, American Academy of Social and Political Sciences, and has spoken independently before American colleges, Universities, churches, and fraternal, social and service clubs. He speaks often in India before similar groups. His last visit to America occurred from April to June of 1960, chiefly under American Friends Service Committee auspices.

CIRCLE K NEWS

The Circle K Club has been sending members to Kiwanis' meetings as a move to integrate more closely the club with its sponsor. The Circle K members will be instrumental in aiding the sorority at the May Day Celebration on May 13, 1961.

The International Circle K Convention will be held this year in St. Petersburg, Florida. There will also be an election of new members for the fall term soon.

BUSINESS AND ECONOMICS CLUB FORMED

Recently, the Business and Economics Club held its first meeting. The first order of business was the election of club officers. Donald F. Love, a graduate of Danville High School, Class in Bloomsburg, is in the Drafting and Designing Technology curriculum. Elected Vice-president was George Wanko, a graduate of the Class of 1955 of the Hazleton High School. George is in the Business Administration curriculum and resides in Drums. The Secretary-Treasurer of the club is William Remaley, a DDT student. Bill is a graduate of the class of 1959 of White Haven High School, and resides in the town of White Haven.

After the officers were elected, Mr. John Longo, advisor for the club, spoke before the thirty-five members present on the objectives of the club. He outlined a few of the plans for the future. One is the trip to New York in the early part of May to tour the United Nations building and the New York Stock Exchange. Also, he hopes to have discussions on different phases of business. However, this will not take place this semester. Since the Business and Economics Club is to be a permanent organization at Highacres, these discussions will probably be held the next college term. Guest speakers and movies are to be a part of this active club.

Finally, a new activity has been added to Highacres. For those who had the initiative to commence this club, congratulations are in order. Since extra-curricular activities are a part of a college, and active ones are needed at the Hazleton Campus, this department wishes the Business and Economics Club success in the future.

COMING EVENTS
