## HIGHACRES BASKETBALL SEASON

As the basketball season drew to a close, Hazleton P. S. U. felled a Mont Alto all-star team, 82-67.

In league activity, Hazleton lost a close one to Scranton P. S. U., 83-78. Wilkes-Barre Business College also dropped Hazleton, 94-78. In a close contest with Wilkes-Barre P. S. U., Hazleton lost 79-73. In the final league game of the season, a powerful Lackawanna Jr. College team sunk Hazleton Campus with a score of 123-82.

Congratulations to all the men on the team, and special recognition to B. Smolen and R. Sindlinger, the high scorers for the season. Sindlinger, even though he is only 5' 10" tall, played center for the Hazleton team and has scored as much as 35 points playing that position.

Mr. Leister informed the Collegian that he is working on a plan which will expand the basketball role at the Hazleton Campus next year.

### Fencing Club Meets

The sounds of clashing steel continue to emanate from the SUB game room every Tuesday night at 7:30 p.m. As the novice fencers improve in skill, accuracy, and endurance, the classes become more interesting.

This writer has the honor of claiming the first wounds of battle—on the right pinky. Beware, Joe Broyan, beware!!

### NEW CIRCLE K CLUB

there are now 520 such clubs throughout the United States and Canada, with about 11,000 members. A petition for club 520 was publicly accepted at the 500th club's charter night ceremony when students from St. Benedicts College, Atchinson, Kansas, and their sponsors made their presence known, and tendered completed credentials.

Also on hand for the charter night ceremony were three members of the Circle K Club of Carthage College, Carthage Illinois, representing the mother club of Circle K. Circle K was founded at Carthage College in 1946.

Some 200 people attended the February 1 function, including the 35 members of the new Circle K club and their ladies. D. Dean Rhoads, Fort Wayne, Indiana, Chairman of the Kiwanis International Committee on Circle K Clubs, was also there, as was James W. Putnam, Emporia, Kansas, Trustee of Kiwanis International, Charles R. Fortmeyer, a student at Kansas State University, Manhattan, Governor of Circle K's Kansas District, and officers, members and their ladies from the Kansas Kiwanis District and the Kiwanis Club of Topeka, the latter of which is sponsor of the 500th Circle K club.

### Registration Date For Spring Term

Registration for the Spring Term will take place March 31. Classes will begin April 2.

### STUDENT POLL

Ron Reid — 2nd Term — Business:

I see nothing wrong with a woman running for the Presidency. A woman is mentally and physically equal to a man. However, society presently is neither ready nor advanced enough to accept a woman President. Perhaps, in thirty years, we will be ready for her acceptance because of more education.

Elaine Hahn — 2nd Term — Division of Counseling:

I don't think a woman would make a good President. They say it's a man's world, and it is, really. The office of the President should be run by a man because it requires a man to shoulder that kind of responsibility. A woman is too emotional: even with the same background and education, she wouldn't have the right attitude that a man would have.

Ronnie Basset — 2nd Term — Business:

I feel a woman is both mentally and physically capable of handling the job of the Presidency. Women have made outstanding contributions in such other fields as science; therefore, why wouldn't they also be successful Presidents? An educated woman could fulfill the position as well as an educated man.

Editor's Note:

It is interesting to note that out of those nine interviewed, the six who felt a woman could attain the Presidency were males, and the three who answered in the negative were females.
