Increased Enrollment

The fall 1964 term enrollment of 320 marks the highest number of students attending the Hazleton campus of the Pennsylvania State University since 1949 when 327 students, mostly World War II veterans, attended the local campus.

These figures were released by William E. Schneider, assistant director. Over five year periods, the fall of 1960 listed 281 students; 1955, 311; and 1950, 234 students. A high mark was set in 1948 with 413, the result also of a heavy veteran enrollment.

The present enrollment of 320 indicates a breakdown of 184 freshmen men; 30 freshmen women; 99 sophomore men; and 7 sophomore women.

Elections for an open seat in the Student Government Association were held on Wednesday, October 7. Paul Bujac and Jack Martin competed for the office. When the returns were counted, Jack Martin was named the winner.

At the time of the election, students voted on an amendment to the constitution of the Student Government. This amendment proposed that the treasurer be an appointed office. It was passed with a majority vote by the student body.

A petition was also under consideration at the time of the elections. Its main proposal was that the name of Route 29 from the Valmont Shopping Center to Conyngham be changed to University Drive. The petition will be sent to Governor Scranton for his consideration.
