KATHY ROMANO CROWNED QUEEN AT BALL

(Pictured above is Miss Kathy Romano, center, May Ball Queen, attended by her court and their escorts.)

The 25th annual May Ball was held on Saturday, May 25, at 9 P.M. in the Student Union Building.

The theme for the affair was "Paradise Isle". The decorations, in keeping with the theme, were of a tropical style. They included a volcano, the product of many days of hard work, which smoked ominously, and a tropical waterfall and lake complete with sea shells and stone footpath.

Guests entered the ball through a star-studded alcove across a blue sea. Upon entering they saw the coronation hut and the Queen's throne.

The Queen and her court were nominated by the sorority and elected by the student body.

Miss Kathy Romano was Queen, and her court included Judy Margel, Maid of Honor; Bonnie Penkala, Crownbearer; Cherrie Guresh, Scroll bearer; Karen Berbick, Key bearer; Kristine Anderkitas, Heart bearer; Jane Stein and Jenny Bert, attendants. Ellen Brown, last year's Queen was also in attendance to crown the new queen.

The crowning began with a procession to the coronation hut, where the scrollbearer read out the meaning of the event. The Queen, Miss Romano, was then crowned. A special dance number in honor of the Queen and Court immediately followed.

A buffet was served at 11 P.M. after which dancing continued until midnight. The Whazoos provided entertainment for the ball.

Mrs. Bodenstein wishes to publicly announce her appreciation for this honor the Sorority bestowed her.

STATE DEPARTMENT EVALUATES TRAFFIC LIGHT REQUEST

In answer to a survey of the Sugarloaf Township Supervisors concerning the request for a traffic light at the Highacres intersection, Thomas J. Harrington, District Engineer for the Department of Highways, had this to report:

"We have found that the hazard is not in the design or the construction of the highway, but it is in the faulty driving of the motorists.... We feel that a semiactuated traffic signal, if installed at the Valmont Industrial Park entrance, will relieve the congestion and allow traffic to move smoothly.

We do not feel that a signal is required at the entrance to the Penn State University."

The Traffic Control Committee of Highacres feels that if the appropriate signal is placed at Valmont, the traffic problem at the school will

be reduced considerably. The committee feels further satisfied that the action initiated by them has stimulated an effort to obtain this light at Valmont. It is hoped that the Sugarloaf Township Supervisors will do whatever is in their power to install this light.

SORORITY HONORS MRS. BODENSTEIN

Mrs. Elizabeth Bodenstein, advisor to the Sorority, who is presently recuperating from an operation on her left hip, was honored by the sorority on the night of the May Ball.

Because she could not attend the night's festivities, the Queen and her court brought the affair to her by visiting Mrs. B. at her home.
