

## NEW DIRECTOR

(continued from page one)

A professional mechanical engineer in the State of Michigan since 1948, Dr. David has served as a professional engineering consultant and expert witness for a number of industrial firms.

Recipient of the Distinguished Alumnus Award of the Wayne State University College of Engineering, he is a member of Tau Beta Pi, engineering honor society, and Pi Tau Sigma, mechanical engineering honor society.

A member of the American Society for Engineering Education, the Engineering Society of Detroit and the Society of Automotive Engineers, Dr. David also was active in Detroit area civic activities.

He rejoined the Wayne State faculty in 1961 as associate professor of mechanical and industrial engineering and in 1966 was named assistant dean of the College of Engineering. He assumed his present post in 1968.

He and his wife Gloria J. David are the parents of three children.

## WRITING CLINIC

(continued from page one)

It will accept clients on both a referral and a walk-in basis; and it will service each client on a one-to-one basis as far as possible and/or necessary. In other words, any faculty member who can identify a particular fault or determine a serious deficiency in a student, may recommend (or require) that that student seek aid from the Writing Clinic (the Clinic will provide a record of the student's participation, if such a record is requested by the faculty member who refers him); or any student, faculty member, or staff member may voluntarily approach the Clinic to seek aid.

During the Fall term, 1973, Dr. Suhre will conduct the Writing Clinic. Dr. Suhre will sit regularly in Study Room 5 in the Library, 6th & 7th periods Tuesday and Thursday to meet prospective clients or to answer further inquiries concerning the Clinic.

And let there be no purpose in friendship save the deepening of the spirit...

KAHLIL GIBRAN

## HISTORY CLUB

The History Club is in the process of reorganization according to Dr. Harold Aurand, club advisor. The purpose of the club is to provide its members with a more complete insight into the causes and effects of past events along with a comprehensive spectrum of current developments. Plans are being made for accommodating lecturers from U-Park and organizing field trips to nearby places of historical interest. Elections will soon be held to fill the positions of president and secretary. Anyone interested may contact Dr. Aurand or Maria J. Rovito.
