The 1973 Volleyball Intramural League has completed its season, and the Hornets reign as the champions of the ten team league. Going into their final game of the regular season, the Hornets were undefeated; however, they were upset by the Setters, thus setting up the championship game with the Sweat Socks, whose only defeat came at the hands of the Hornets in mid-season.

Both teams were ready for the October 22 championship game. The air at the courts before the game was tense, but the Hornets seemed to be more at ease when the first game of the match started. The Hornets easily beat the Sweat Socks with a 15-1 victory. The tension seemed to be with the Hornets in the second game as the Sweat Socks kept up with the Hornets in scoring. At the end of the eight-minute time limit, the score was tied at 11-11, thus creating an overtime. In the overtime, the Hornets held the Sweat Socks to their eleven points as they scored the necessary two points to win the game. The result was a 13-11 game, with the Hornets winning the second game and the championship. The Hornets finished their season with a 9-1 record.

The members of the 1973 championship team are all sophomores. The members are: Mary Beth Pollock, Mary Melenchick, Mary Fran Postupack, Mary Ann McGlory, Carole Shenosky, Theresa Zola, Marian Honis, and Mary Angie DeLazio. The girls practiced hard for their championship game and it paid off well.

The Final Standings for the 1973 Intramural Volleyball League are the following:

HORNETS	9	1
Sweat Socks	8	2
Spikers	6	3
Tigers	5	4
Setters	5	4
Bert's Butts	4	5
Raiders	4	5

Blue Devils	4	5
Avengers	1	8
Singapore Slings	1	8

This year was a very successful year for volleyball, with ten teams and approximately 84 girls competing in the games.

Many thanks should go to Mrs. Deidre Jago for organizing the teams, and to the Intramural Board for being at the games to keep score and time. Credit should be given to the teams themselves for being at the courts for all their scheduled games. The 1973 Volleyball season was successful because so many people on campus showed interest in the sport.
