

SGA Elections

The Student Government Association has passed a motion to set up a special table at Spring Registration. Every student has an initial \$25 deposit which stays in his account until graduation when the remaining balance will be refunded. The University allows for a special fund which the student may donate the \$25 or any part of it to the campus of his choice or to U-Park. The donation can be made by simply signing a card which will be at the SGA station during registration. Small donations such as these are helpful toward upholding the facilities of Penn State.

...SGA elections were held recently with these results: Rolly Loomis (previously appointed) was permanently elected to the office of Vice President and Linda Gallagher was elected as sophomore representative.

...SGA has allocated \$50 to the Ecology Club, which is involved in various projects on campus: the funds from this club will go into a scholarship fund. SGA has also allocated \$50 to the Radio Club. Allocations for this year are at present exhausted. SGA has tried to distribute these funds evenly among the various organizations on campus.

...The SGA Registering Committee has officially registered the Alpha Pi Omega Fraternity.

...The Peace Corp in Oregon has asked Mark Denke, SGA President, to send a petition around the campus. The purpose of the petitions is to ban the testing of nuclear warfare in America.

...Among the fund raising activities for SGA are: bake sales during every dance (which are held on campus every two weeks) and the selling of swinger cushions at \$2.50 apiece.

SUB NEWS

...The SUB Board has hired a jazz band, "Infinity" to play on campus in April.

...The Biology Club will be sponsoring an earth week sometime in April.

...The SUB minutes are now read at every SGA meeting.
