

BUDDY

involved in many ways with his little buddy's life. Involvement implies not only frequency of contacts but the kindness, good judgement, sincerity of feeling, and the objective projection of himself into his little buddy's mental and physical world. He must, to be successful, take into consideration his young friend's needs and attempt to relate them to his personal potential. Sometimes the Jaycee buddy is dealing with emotions, at other times with attitudes, and still others with a boy or girl's 'growing pains.'

There is great satisfaction for a Jaycee buddy in helping a boy or girl solve their problems and in guiding them away from trouble and a wasted life onto the path of good citizenship.

The Jaycee Buddy Program is a joyous adventure in friendship!

WHCB

David Trumbauer, Music Director of WHCB, has announced that the campus Broadcasting Club may begin broadcasting again in the spring. Lines have been installed to broadcast in both the Student Union Building and in the Dormitory. The airwaves have been silent because the transmitter has been overheating. A cooling fan will be purchased to end the problem. Anyone seeking more information about the Broadcasting Club may contact Rod Prior, Station Manager.
